## **Volker Braun In Perspective:**

Volker Braun in Perspective ,2016-08-29 On the occasion of Volker Braun's 65th and GDR German Monitor's 25th birthday an attempt is made to re-evaluate Braun's contribution to 20th and 21st century German literature. The seventeen essays of the collection, written by a truly international set of scholars, demonstrate the unique quality and breadth of Braun's writing, spanning all literary genres. But not only that; they also reveal the diversity of interpretative perspectives which Braun's oeuvre productively stimulates. They showcase an author who refuses to indulge complacently in past achievements and an opus that defies all attempts at labelling. Braun's texts, so the verdict of the contributors, are driven by an insatiable thirst for the whole story, the depth beneath the superficial, the complex truth of our human predicament, for the precise expression which is not caught up in the limitations of the dominant ideology, whatever it might be. *New Critical Perspectives on Martin Walser* Frank Pilipp, 1994. Critical essays on contemporary German novelist Martin Walser, born 1927, is one of the most prolific contemporary German novelists and one with a place in world literature. His work provides an astute critical commentary in novelistic form on postwar Germany. The present volume comprises essays by eleven Walser experts on various aspects of his writings, with concentration on the novels of the last 15 years, books such as *Runaway Horse* 1978, *The Inner Man* 1979, *The Swan Villa* 1980, *Letter to Lord Liszt* 1982, and *In Defense of Childhood* 1991. Parallels and influences discussed in these studies include Schiller, Richardson, Hofmannsthal, Kafka, Thomas Mann, Marcel Proust, Updike, Brecht, and Walter Kempowski. **Shifting Viewpoints** Meg H. Brown, Gabriele Eckart, 2014-07-18. This study shows that Cervantes's works actively influenced the literature of a number of twentieth and early twenty-first century writers in Germany, Austria, and Switzerland. This time period was marked by numerous significant events, including World War I, the first attempts at democracy, the rise of the Nazis, World War II, the division of Germany, and the eventual reunification of Germany. Representations of characters created by Cervantes reflect the shifting viewpoints of monarchism, imperialism, communism, fascism, socialism, and capitalism. A number of German-speaking authors of this time creatively modify Don Quixote, vacillating between regarding Don Quixote as a fool or a hero. The emphasis here is on the question of how an author uses Cervantes's Don Quixote and *The Conversation of the Dogs* to come to terms with his or her own preoccupations in a given socio-political context. This book explores literary works by German-speaking authors that engage in an intertextual play with a text written by Cervantes. Violence Elsewhere [2 Volume Set] Clare Bielby, Mererid Puw Davies, 2024. This two-volume set explores what postwar German representations and imaginings of violence in other places and times tell us about Germany. **Monatshefte** ,2012 *Nature, Technology and Cultural Change in Twentieth-Century German Literature* Axel Goodbody, 2007-10-24. This book traces shifting attitudes towards science and technology, nature, and the environment in twentieth-century Germany. It approaches them through discussion of a range of literary texts, largely new to English readers, in which practical environmental problems and underlying issues of ecological ethics are brought to life in often semi-

autobiographical narratives It explores the philosophical influences on them and their political contexts and asks what part novels and plays poems and essays have played in environmental debate Technological disasters living in the landscape hunting and allotment gardens are among the topics discussed

**Culture and Society in the GDR** Graham Bartram,Anthony Edward Waine,1984 **The Future of German Literature** Keith Bullivant,1994-02-17 The future of German literature like the future of united Germany is a fascinating question and will be vigorously debated throughout the 1990s In this the first book length study in English to tackle this controversial subject Professor Bullivant analyses the main aspects of German literature since 1945 from the perspective of the 1990s The author pays particular attention to the periodization of this literature and especially to major new developments in the 1980s to the social role of writers as intellectuals to the treatment of the German Question and to Berlin in German letters
