What Do You Say After Hello Eric Berne, M.D.,1973-05-01 *What Do You Say After You Say Hello?* Eric Berne,1972 As a psychiatrist Dr Berne found that each person in early childhood under the powerful influence of his parents writes his own script that will determine the general course of his life That script dictates what kind of person he will marry how many children he will have even what kind of bed he will die in Most of all it determines whether he will be a winner or a loser a spendthrift or a skinflint a tower of strength or a doomed alcoholic Some people says Berne have scripts that call for them to fail in their professions or to be repeatedly disappointed in love or to be chronic invalids Here he demonstrates how each life script gets written how it works and how each of us can break free of it to help us attain real autonomy and true fulfillment From publisher description
