Whispering Roots:

The Whispering Roots Cecil Day Lewis, 1970 Living in Time Albert Gelpi, 1998-02-19 The Oxford poets of the 1930s W H Auden C Day Lewis Stephen Spender and Louis MacNeice represented the first concerted British challenge to the domination of twentieth century poetry by the innovations of American modernists such as Ezra Pound and William Carlos Williams Known for their radical politics and aesthetic conservatism the Auden Generation has come to loom large in our map of twentieth century literary history Yet Auden s voluble domination of the group in its brief period of association and Auden s sway with critics ever since has made it difficult to hear the others on their own terms and in their own distinct voices Here rendered in eloquent prose by one of our most distinguished critics of modern poetry is the first full length study of the poetry of C Day Lewis a book that introduces the reader to a profoundly revealing and beautifully wrought record of his poetry against the cultural and literary ferment of this century Albert Gelpi explores in three expansive sections the major periods of the poet s development beginning with the emergence of Day Lewis in the thirties as the most radical of the Oxford poets An artist who sought through poetry a way of living in time without traditional religious assurances Day Lewis went further than his friends in seeking to forge a revolutionary poetry out of his commitment to Marxism When Stalinism led to his resignation from the Communist Party Day Lewis in the forties went on to shape a rich fiercely perceptive poetry out of the convergence of the wartime crisis with the explosive events of his own inner life intensified by the erotics of a decade long affair Returning to his Irish roots and meditating on the persistent tension between agnosticism and faith in the work of his third and final period Day Lewis wrote some of the most moving poems in the language about mortality and dying the limits and possibilities of human striving Through the traumatic changes of his life C Day Lewis came increasingly to depend on the intricacies of poetry itself as a way of living in time His abiding belief in the psychological and moral functions of poetry impelled him in his critical writings and in his own poetic practice to delineate a modern poetics that presents an effective alternative to the elitist experimentation associated with Modernism This vital revisionist reading of Day Lewis demonstrates that much of his best work was written after the thirties and establishes him as one of the most significant and accomplished British poets of the modern period **The Secret Kingdom of the Golden Durian** Mhd Arjunanta, 2026-03-05 The sun had only just begun to rise above the misty hills when the village of Sungai Lestari slowly awakened **Quiet Echoes of Ancient Soul Reflection** Evelyn Moreau, 2025-06-18 In the quiet village of Velmara young Erolyn hears whispers of ancient soul reflection from the village elder Lyrin Eager to learn more Erolyn embarks on a whimsical and heartwarming journey across lands filled with sacred ruins musical winds and shimmering lakes Joined by joyful Asterin and wise Molvek the trio uncovers forgotten rituals of prayer and meditation from diverse cultures Through laughter wonder and quiet contemplation they discover the deep beauty of empathy peace and inner reflection Quiet Echoes of Ancient Soul Reflection is a radiant tale for children ages 5 10 celebrating unity stillness and the joy of shared stories
