Whispers From Within:

The Whispers Within Nilsa L. Cleland,2013-04 I heard him staggering down the hallway banging into the banister sloshing his drink of choice most likely a gin and tonic along the way As he reached for her door I felt my airways constrict and the walls of the room close in around me My body stiffened and my senses numbed as I listened for the faint squeak of my bedroom door to open softly I am 17 year old aristocratic born Candace Spencer and I quickly recognized the monster that prowled the darkness of my sanctuary My breath faded as the muscular figures slithered into my room and onto my body My nightmare only lasted a few minutes several times a week but I lost a part of my soul a little bit more during each horrific moment I closed my eyes and lived one more death as he devoured me but tonight I vowed it would end The prominent and respected businessman revered by the community would not return to my bedroom again Never again I had no idea how long it had been away a Spiritual Guide s time was measured very differently compared to human lifetime Was it a day later or had one or twenty years passed Right now I had my first assignment in my new form Mari Santiago a 16 year old teenager struggling to survive her family s domestic violence and sexual assaults in the tough streets of New York The Whispers Within reveals the parallel of two dissimilar lives between two teenagers one alive and the other dead Mari comes to know Candace in a manner she would have never dreamt Candace having lived life at the opposite economic strata from the inner city life Mari was accustomed to is only equipped with whispers of encouragement to defeat Mari s demons How will Candace handle returning to earth as a spirit when she did not deal with her own nemesis while alive Will Mari be consumed by the demons that surround her or will Candace pave a way for Mari to flee them Will they both come to know each other s demons Will Candace s whispers be enough for Mari to conquer her demons while building a new life

The Whispers Within Khalid A. Haaziq,2024-05-27 There exists a voice within each of us a quiet whisper amidst the clamor of the world It speaks not in words but in feelings intuitions and deep knowing This voice is our inner guide our compass always pointing us towards our truth I recall a time when this inner voice was particularly strong I was at a crossroads in my life facing a decision that would have a profound impact on my future Fear and uncertainty clouded my mind each path seeming fraught with risk and the potential for regret Yet amidst this turmoil a gentle voice emerged urging me towards a path I had not considered It was not a voice of logic or reason but one of deep inner knowing It felt like a pull towards a destiny that was meant for me a path aligned with my true self We are constantly bombarded with external noise the opinions of others societal expectations and the relentless chatter of our own minds This noise can easily drown out the subtle whisper of our inner voice making it difficult to discern our own truth At the crossroads of choice this inner voice becomes paramount It cuts through the confusion providing clarity and direction It speaks to our deepest desires our values and our innate wisdom It guides us towards choices that are in alignment with our authentic selves The inner voice is not always easy to hear It requires stillness presence and a willingness to listen It may come as a gentle nudge a sudden insight or a deep sense of

knowing The more we cultivate our ability to listen the clearer and stronger this voice becomes The inner voice is our compass guiding us through the twists and turns of life It is not infallible but it always points us in the direction of our highest good It may lead us down unexpected paths challenge our preconceived notions and push us beyond our comfort zones This voice is not about seeking comfort or ease It is about aligning with our truth even when it is uncomfortable or challenging It is about embracing growth expansion and the unfolding of our highest potential Trusting this inner voice requires courage It means letting go of the need for certainty and embracing the unknown It means having faith in ourselves and the wisdom that resides within
