t chosen at random someone in the program desperately wants him to participate Asher can't help but feel that whatever the Factory is doing it's not what he or any of the other kids signed up for To Asher's horror it turns out that the Factory isn't developing renewable energy at all So what is the Factory up to more important why As conditions in the Factory worsen Asher must team up with the other kids to uncover the sinister truth behind the experiment and his personal connection to it before someone gets seriously hurt
