Sobel uses a wealth of information letters diaries and over 200 published autobiographies from a wide range of ordinary people black white male female In these accounts many previously neglected by historians dreamers explain how their nighttime adventures opened their eyes to aspects of themselves or unveiled new paths they should take both personally and politically Such paths often led them to challenge those in power Charting the widely dreamed of opposition between blacks and whites men and women Sobel offers astounding new insights into how early Americans understood their lives Her analysis of the dreams and lives of ordinary Revolutionary Era people demonstrates links between dreaming self reevaluation and participation in the radically changing politics of the time This book will appeal to specialists in the fields of American and African American history and anyone interested in dreams and self development *Flying Free* Ellin Gordon, Barbara Luck, Tom Patterson, 1997 American art from one of the premier collections of work by self taught artists **The British National Bibliography** Arthur James Wells, 1968 **The Oil & Colour Trades Journal** ,1916 *The Agnostic* ,1885
