

WHITHER SOLID SOUTH?

BY

CHARLES WALLACE COLLINS

# Whither Solid South

**M Planty**

## **Whither Solid South:**

*Whither Solid South?* Charles Wallace Collins, 1948      **Whither Solid South?** Charles Wallace Collins, 1947

**Formative Acts** Stephen Skowronek, Matthew Glassman, 2007 One of the most significant edited volumes on U S political history to come along in many years Rogan Kersh New York University      [From the New Deal to the New Right](#) Joseph E. Lowndes, 2008-10-01 The role the South has played in contemporary conservatism is perhaps the most consequential political phenomenon of the second half of the twentieth century The regions transition from Democratic stronghold to Republican base has frequently been viewed as a recent occurrence one that largely stems from a 1960s era backlash against left leaning social movements But as Joseph Lowndes argues in this book this rightward shift was not necessarily a natural response by alienated whites but rather the result of the long term development of an alliance between Southern segregationists and Northern conservatives two groups who initially shared little beyond opposition to specific New Deal imperatives Lowndes focuses his narrative on the formative period between the end of the Second World War and the Nixon years By looking at the 1948 Dixiecrat Revolt the presidential campaigns of George Wallace and popular representations of the region he shows the many ways in which the South changed during these decades Lowndes traces how a new alliance began to emerge by further examining the pages of the National Review and Republican party building efforts in the South during the campaigns of Eisenhower Goldwater and Nixon The unique characteristics of American conservatism were forged in the crucible of race relations in the South he argues and his analysis of party building efforts national institutions and the innovations of particular political actors provides a keen look into the ideology of modern conservatism and the Republican Party

[Distorting Democracy](#) Carolyn Renée Dupont, 2024-09-17 The complicated history of how America elects presidents and why this matters to the next election An engaging mix of history and political science *Distorting Democracy* will awaken Americans to the perils of our system by unveiling the Electoral College s origins history and current problems This book demonstrates that the system has no principled foundation that it has changed dramatically over its 230 year history and that it now threatens the legitimacy of our political system The book is divided into three ground breaking sections Part I tells the story of the Electoral College s origins in the Constitutional Convention Defenders of the Electoral College tend to invoke gauzy images of the Founding Fathers infusing our system with their unique timeless wisdom But history tells a very different story The Founding Fathers faced a mess they responded by creating a mess Part II traces two hundred years of innovations many of them subtle but highly consequential to the plan described in the Constitution As the new nation rapidly descended into bitter political conflict many of the framers themselves driven by their partisan interests massaged the Electoral College into a form that differed profoundly from their founding intentions Subsequent generations tinkered similarly with the systems possibilities always exploiting its potential for political gain Part III examines how our strange presidential election system has produced frustrating results with increasing frequency in recent elections Who can forget

the Bush Gore contest of 2000 when the results hinged on hanging chads and fewer than 1 500 votes in Florida Americans endured weeks of a single state recount only to have the Supreme Court halt the process and hand the election to George W Bush Bush won the Electoral College by a single vote but Al Gore captured 500 000 more popular votes Then in 2016 Donald Trump stunned the world with a substantial Electoral College victory of 302 227 though nearly 3 million more Americans preferred his opponent and roughly 7 million voted for a third party candidate The system increasingly returns results that conflict with the expressed wishes of a majority of voters a product of our hyper polarized landscape and unique geopolitical distribution of party loyalists The system cannot improve until we learn the complicated history of the Electoral College and the lessons it holds for us today Every American should read this book It brings facts and clarity to a debate that too often relies on conjecture about the Electoral College s purposes and ill informed arguments about how it actually operates The lessons herein are immense Joshua A Douglas Ashland Inc Spears Distinguished Research Professor of Law University of Kentucky

**Defending White Democracy** Jason Morgan Ward,2011-11-21 After the Supreme Court ruled school segregation unconstitutional in 1954 southern white backlash seemed to explode overnight Journalists profiled the rise of a segregationist movement committed to preserving the southern way of life through a campaign of massive resistance In *Defending White Democracy* Jason Morgan Ward reconsiders the origins of this white resistance arguing that southern conservatives began mobilizing against civil rights some years earlier in the era before World War II when the New Deal politics of the mid 1930s threatened the monopoly on power that whites held in the South As Ward shows years before segregationist became a badge of honor for civil rights opponents many white southerners resisted racial change at every turn launching a preemptive campaign aimed at preserving a social order that they saw as under siege By the time of the Brown decision segregationists had amassed an arsenal of tested tactics and arguments to deploy against the civil rights movement in the coming battles Connecting the racial controversies of the New Deal era to the more familiar confrontations of the 1950s and 1960s Ward uncovers a parallel history of segregationist opposition that mirrors the new focus on the long civil rights movement and raises troubling questions about the enduring influence of segregation s defenders **Why the**

**Solid South? Or, Reconstruction and Its Results** Hilary Abner Herbert,1890 *Southern Weekly* ,1951 **Monthly Bulletin** San Francisco Public Library,1919 *Social Research* ,1949 Includes section Book reviews and notes

*Freedomways* ,1964 *The Publishers Weekly* ,1908 **News-bulletin** ,1966 *The Southerner as American* Charles Grier Sellers,1966 Nine historians analyze the complexity of Southern history *The Constitution and Government of Texas* Frank Mann Stewart,Joseph Lynn Clark,1949 *A College Text in American National Government* Harold Rozelle Bruce,1957 *Jim Crow's Defense* Idus A. Newby,1980-06-27 Bringing together twenty five years of research on the sequential organization of laughter in everyday talk Phillip Glenn analyzes recordings and transcripts to indicate the finely detailed coordination of human laughter He demonstrates that its occurrence relative to talk and other activities reveals

much about its emergent meaning and effects The book considers laughter s significant role in how people display respond to  
and revise identities and relationships **Northwestern University Law Review** ,1949 **Faculty Research and  
Publications** Tulane University,1950 **Faculty Publications and Research in Progress** Tulane University,1939

## Whispering the Techniques of Language: An Emotional Quest through **Whither Solid South**

In a digitally-driven earth wherever monitors reign supreme and instant connection drowns out the subtleties of language, the profound secrets and psychological subtleties hidden within phrases usually go unheard. Yet, situated within the pages of **Whither Solid South** a charming literary prize blinking with fresh feelings, lies an exceptional journey waiting to be undertaken. Written by an experienced wordsmith, that charming opus attracts readers on an introspective journey, lightly unraveling the veiled truths and profound influence resonating within ab muscles cloth of every word. Within the psychological depths of this touching review, we can embark upon a heartfelt exploration of the book is key themes, dissect their captivating writing design, and succumb to the effective resonance it evokes serious within the recesses of readers hearts.
