## **Whitsun Weddings:**

The Whitsun Weddings Philip Larkin, 2012-04-05 Philip Larkin 1922 1985 remains England's best loved poet a writer matchlessly capable of evoking his native land and of touching all readers from the most sophisticated intellectual to the proverbial common reader The late John Betjeman observed that this tenderly observant poet writes clearly rhythmically and thoughtfully about what all of us can understand Behind this modest description lies a poet who made greatness look in Milton's prescription simple sensuous and passionate This collection first published in 1967 contains many of his best loved poems including The Whitsun Weddings An Arundel Tomb Days Mr Bleaney and MCMXIV Philip Larkin Sisir Kumar Chatterjee, 2014-08 Philip Larkin 1922 1985 Is Today Acclaimed As A British National Cultural Icon Historically A Movementeer Larkin Followed The Pleasure Principle To Democratize Poetry By Forging A Distinctive Philistine Aesthetic By Employing A Defiantly Demotic Diction And By Building His Poems Around A Structure Of Rational Discourse Philip Larkin Poetry That Builds Bridges Is A Well Researched And Immensely Readable Book It Is Perhaps The Only Work Available Today That Offers A Comprehensive Critical Account Of The Full Range Of Larkin's Poetry A Significant Contribution To Larkin Studies This Book Provides A Between The Lines Analysis Of Almost All The Poems Embodied In The Four Major Collections Of Larkin The North Ship The Less Deceived The Whitsun Weddings And High Windows By Exploiting The Resources Of Larkin's Letters His Prose Writings And His Biography The Author Traces Much Against The Grain Of Contemporary Larkin Criticism The Poet's Thematic Attitudinal And Technical Development From One Book Of His Poetry To The Next And Shows The Trend Of Larkin's Evolution With A Holistic Approach To The Total Corpus Of Larkin's Poetry The Author Perspectivises The Poet And Argues The Larkin's Achievements Lie In His Success In Building Bridges Between Aestheticism And Philistinism Between Empiricism And Transcendentalism Between Classicism And Romanticism Between Modernism And Postmodernism Between The Native British Poetic Tradition And The Anglo Franco American Experimental Line And Above All Between Poetry And The Reading Public This Book Also Contends The Larkin's Vision Of Life Is Neither Pessimistic Nor Optimistic But Tragic And Melioristic Misreading England Raphaël Ingelbien, 2002 In Misreading England Poetry and Nationhood Since the Second World War Raphaël Ingelbien examines how issues of nationhood have affected the works and the reception of several English and Irish poets Philip Larkin Ted Hughes Geoffrey Hill and Seamus Heaney This study explores the interactions between post war English poets and the ways in which they transformed or misread earlier poetic visions of England Romantic Georgian Modernist It also traces often neglected but crucial links between their troubled poetics of Englishness and Seamus Heaney's poetry of Irish nationhood This radically intertextual approach takes issue with influential accounts of post war poetry that have drawn on postcolonialism Instead of being made to reflect contemporary agendas the poetics of nationhood are here considered in all their textual and ideological complexity and restored to the historical intellectual and literary contexts which postcolonial emphases on identity often play down or simplify Whereas

critics in post devolution Britain increasingly use texts to debunk or promote specific versions of national identity this study interrogates the very terms in which the debate has been conducted Its metacritical analyses expose the contradictions of identity politics and its intertextual readings help re draw the map of post war poetry in Britain and Ireland **The Whitsun Weddings** Philip Larkin,1979 The Revisions of Englishness David Rogers,John McLeod,2004 Diverse and often competing notions of Englishness have been critiqued by a variety of writers and critics who have become concerned about received visions of Englishness in the post war period An exciting and provocative collection of essays which registers the changes to Englishness since the 1950s this book explores how Englishness has been revised for a variety of aesthetic and political purposes and makes a ground breaking contribution to the contemporary debates in literary and cultural studies

**The Whitsun Weddings** Phillip Larkin,1966 **Begin Afresh** Sisir Kumar Chatterjee,2025-03-12 Begin Afresh The Evolution of Philip Larkin s Poetry offers incisive insightful and yet lucid analyses of all the individual poems contained in the four major collections of Larkin 1922 1985 It also deals with his Juvenile Poems Brunette Coleman poems those in In the Grip of Light and XX Poems as well as his last poems The book also discusses Larkin s novels and d bats It evaluates the critical opinions regarding various aspects of Larkin s poetry especially the issue of its development and shows that it may not follow a clearly identifiable linear chronological line of evolution but it does evolve in a subtle way from one phase of his career to the next The book explores how Larkin discovered his own original inimitable idiosyncratic poetic voice by truly democratising English poetry for the first time by writing accessible and pleasurable poetry and by forging a new poetic out of a philistine aesthetic which stands out as an artistic holotype It shows how Larkin restores the relation between poetry and the reading public a relation which was broken down by Modernist poets It also establishes how his poetic vision is neither optimistic nor pessimistic but realistic in that it preserves the universal human condition without moralising or philosophising The book aims to make a fresh departure in Larkin criticism and mark a new era in Larkin studies This volume will be of interest to students and researchers of Modernism twentieth century literature poetry language and literature

**The Impact of the Railway on Society in Britain** A. K. B. Evans,J.V. Gough,2017-03-02 Jack Simmons perhaps more than any other single scholar is responsible for the advancement of the academic study of transport history As well as being a co founder of the Journal of Transport History he wrote extensively on a variety of transport related topics and was instrumental in developing the London Transport and the National Railway museums Whilst his death in September 2000 at the age of 85 was a sad loss to the world of transport history the achievements of his life celebrated in this festschrift remain a lasting legacy to succeeding generations of scholars in many fields Concentrating on the theme of the railways and how they dramatically affected the development of Britain and her society this collection touches on numerous issues first highlighted by Professor Simmons which are now central to academic study These include the men who built the railways those who financed the enterprise how the railways affected such everyday issues as tourism the arts and politics as well as

the lasting legacy of the railways in a country now dominated by the private car This volume written by former friends students and colleagues of Professor Simmons reflects these interests and provides a fitting tribute to one of the truly great British historians of the twentieth century **Philip Larkin** R. ,1994 **Modernist Studies** ,1982 With the Grain Donald Davie,1998 First published in 1973 as Thomas Hardy and  
British Poetry this book then represented a challenge to critical orthodoxy It modified the image of Hardy the nostalgic  
countryman with that of Hardy the Victorian engineer of language It also suggested that far from being a minor poet Hardy  
had been a major influence on British poetry in the period since high Modernism Exploring the wide range of poets who may  
have learnt from Hardy Davie associates its influence with a curtailing of ambitions which he states has afflicted modern  
poetry in Britain This poetic loss of nerve leads Davie to the political malaise of England its tensions and illusions This edition  
contains Davie s study of Hardy together with his later essays and also works on modern British poetry and the condition of  
modern Britain Philip Larkin, Selected Poems David Punter,1991 York Notes are guides to literature in English covering  
major British American Commonwealth and Third World works as well as English translations of some important writings in
