Tips for Going Green Alicia Marie Smith,2007-07-15 The news is out and it is not good If we do not get serious about the environment about going green and protecting the world in which we live the consequences are dire Oh you say you cannot do much about this huge problem you are just one person The government and big business needs to take on this responsibility Well that is bunk and every thinking person knows it says author and environmentalist Alicia Marie Smith What it does take is a bit of time commitment and some thoughtful decisions about the products you buy what you do with them when they are used up and how you think and feel about the entire process of going green If whole cities are doing it surely each person can make small efforts in this crucial battle with junk bad environmental policies and the so called inconveniences of going and staying green Get involved get committed get educated Join the most important movement of the 21st century and become a citizen of the world in your own little way Fifty plus one Tips for Going Green is easy accessible and fun

America Goes Green Kim Kennedy White,2012-11-12 This three volume encyclopedia explores the evolution of green ideology and eco friendly practices in

contemporary American culture ranging from the creation of regional and national guidelines for green living to the publication of an increasing number of environmental blogs written from the layperson's perspective. Evidence of humanity's detrimental impact on the environment is mounting. As Americans we are confronted daily with news stories, blogs, and social media commentary about the necessity of practicing green behaviors to offset environmental damage. This essential reference is a fascinating review of the issues surrounding green living, including the impact of this lifestyle on Americans' time and money, the information needed to adhere to green principles in the 21st century, and case studies and examples of successful implementation.

America Goes Green: An Encyclopedia of Eco-Friendly Culture in the United States examines this gripping topic through 3 volumes organized by A-Z entries across 11 themes, state-by-state essays grouped by region, and references including primary source documents, bibliography, glossary, and green resources. This timely encyclopedia explores the development of an eco-friendly culture in America, and entries present the debates, viewpoints, and challenges of green living.
