State Of The Presidency:

The State of the Presidency Thomas E. Cronin, 1975 **Guide to the Presidency** Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office *The Legislative Manual of the State of Wisconsin* ,1907 **The Political History of the United States of America** Edward McPherson, 1876 **The Convention Manual for the Sixth New York State Constitutional Convention 1894** ,1894 **The Social Sciences** Chicago Public Library, 1914 *Annual Report of the President and Treasurer* Carnegie Foundation for the Advancement of Teaching, 1912 **The Politics of Presidential Term Limits** Alexander Baturo, Robert Elgie, 2019-06-20 Presidential term limits restrict the maximum length of time that presidents can serve in office They stipulate the length of term the presidents can serve between elections and the number of terms that presidents are permitted to serve While comparative scholarship has long studied important institutions such presidentialism vs parliamentarism and the effects of different electoral systems we lack a comprehensive understanding of the role and effects of presidential term limits Yet presidential term limits and term lengths are one of the most fundamental institutions of democracy By ensuring compulsory rotation in office they are at the heart of a democratic dilemma What is the appropriate trade off between allowing the unrestricted selection of candidates at presidential elections vs restricting selection procedures to prevent the possibility of dictatorial takeover by presidents who are unwilling to step down In the context of a long and on going history of changes to presidential term limits and the many and varied ways in which term limits have been both applied and avoided this book explains the factors behind the introduction stability abolition and avoidance of presidential term limits as well as the consequences of changes to presidential term limits and it does so in the context of non democracies third wave countries and consolidated democracies It includes comparative theoretical and practitioner oriented chapters as well as detailed country case studies of presidential term limits across the world and over time **Government and Politics in the United States** William Backus Guitteau, 1916 Constitution of the United

States of America and the State of Nevada. 1929 Nevada, 1929 Reassessing the Presidency David Gordon, Thomas J. DiLorenzo, Thomas E. Woods, Jr, Yuri N. Maltsev, Ralph Raico, Paul Gottfried, Hans-Hermann Hoppe, 2013-09-19 American Despots Amazing low sale price in defense of authentic freedom as versus the presidency that betrayed it Everyone seems to agree that brutal dictators and despotic rulers deserve scorn and worse But why have historians been so willing to overlook the despotic actions of the United States own presidents You can scour libraries from one end to the other and encounter precious few criticisms of America s worst despots The founders imagined that the president would be a collegial leader with precious little power who constantly faced the threat of impeachment Today however the president orders thousands of young men and women to danger and death in foreign lands rubber stamps regulations that throw enterprises into upheaval controls the composition of the powerful Federal Reserve and manages the priorities millions of swarms of bureaucrats that vex the citizenry in every way It is not too much of a stretch to say that the president embodies the Leviathan state as we know it Or more precisely it is not an individual president so much as the very institution of the presidency that has been the major impediment of liberty The presidency as the founders imagined it has been displaced by democratically ratified serial despotism And for that reason it must be stopped Every American president seems to strive to make the historians A list by doing big and dramatic things wars occupations massive programs tyrannies large and small in hopes of being considered among the greats such as Lincoln Wilson and FDR They always imagine themselves as honored by future generations the worse their crimes the more the accolades Well the free ride ends with Reassessing the Presidency The Rise of the Executive State and the Decline of Freedom edited by John Denson This remarkable volume 825 pages including index and bibliography is the first full scale revision of the official history of the U S executive state It traces the progression of power exercised by American presidents from the early American Republic up to the eventual reality of the power hungry Caesars which later appear as president in American history Contributors examine the usual judgments of the historical profession to show the ugly side of supposed presidential greatness The mission inherent in this undertaking is to determine how the presidency degenerated into the office of American Caesar Did the character of the man who held the office corrupt it or did the power of the office as it evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule of these people Contributors include George Bittlingmayer John V Denson Marshall L DeRosa Thomas J DiLorenzo Lowell Gallaway Richard M Gamble David Gordon Paul Gottfried Randall G Holcombe Hans Hermann Hoppe Jeffrey Rogers Hummel Michael Levin Yuri N Maltsev William Marina Ralph Raico Joseph Salerno Barry Simpson Joseph Stromberg H Arthur Scott Trask Richard Vedder and Clyde Wilson *State of Wisconsin Blue*

Book ,1907 A Compilation of the Messages and Papers of the Presidents, 1789-1897: 1833-1841 United States.
President,1897 **The Modern American Presidency** Lewis L. Gould,2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos *Inventing the American Presidency* Thomas E. Cronin,1989 In fourteen essays supplemented by relevant sections of and amendments to the Constitution and five Federalist essays by Hamilton provides the reader with the essential historical and political analyses of who and what shaped the presidency *Index-catalogue of the Library of the Surgeon-general's Office, United States Army* National Library of Medicine (U.S.),1905 **Catalogue** University of Wisconsin,1904 Some nos include Announcement of courses **The Commercial and Financial Chronicle** ,1912 *Harpers' Popular Cyclopædia of United States History* Benson John Lossing,1882 *Lives and Portraits of the Presidents of the United States, from Washington to Grant* Evert Augustus Duyckinck,1873
