## Staying The Course:

**The Ideology of Democratism** Emily B. Finley, 2022 In *The Ideology of Democratism* Emily B. Finley argues that history's most vocal champions of democracy from Jean Jacques Rousseau and Thomas Jefferson to John Rawls put forth an interpretation of democracy that effectively transforms the meaning of rule by the people into nearly its opposite. Making use of democratic language and claiming to speak for the people, elites of one sort or another, politicians, philosophers, academics, religious and many others advocate what they take to be the genuine will of the people even if it defies the actual historical popular will. This book examines the origins, underlying assumptions, and major thrust of this powerful ideology. [Events of Art and Education in Post-climate Times](#) Carl Anders Säfström, Glenn Loughran, 2025-07-18 This book concerns the urgency of thinking and acting in response to climate change through art and education. While both fields are often connected through disciplinary dialogues, climate change prompts a greater need to unite artists and educators around common environmental problems and goals. By staging transcritical engagements, this book draws out common and uncommon disciplinary perspectives that can generate new ways of thinking, living, and doing in the Anthropocene. Ideas around courage, resilience, life, and death emerge. An expression of active, non-violent resistance to the ongoing destruction of our planet, this book supports imaginative action, popular sovereignty, and the courage to live well within the challenges of our era. Engaging artists and educators, questions it maps significant differences and potential intersections for further enquiry. *Events of Art and Education in Post-climate Times* will be helpful for students studying art, education, environment, sustainability, and climate change. It will also interest researchers, practising artists, and teachers in these disciplines by being at the forefront of current discussions in both fields. *Colburn's United Service Magazine and Naval and Military Journal*, 1865 *The REGTECH Book* Janos Barberis, Douglas W.
