Teaching Foreign Languages in the Block Deborah Blaz,2013-11-20 Provides detailed instructional strategies sample lesson plans and sample assessments so that foreign language teachers can make the best use of the additional time On Teaching Foreign Languages Marcela Ruiz-Funes,2002-10-30 The author reports on a qualitative action research project on theories and practices in foreign language education The goal of the study was to relate the knowledge of foreign language teaching learning and acquisition gained through research to the beliefs and experiences of expert foreign language teachers The four participating teachers represent real teachers who distinguish themselves from their peers for their excellence in teaching foreign languages and their success in serving as clinical teachers Four theoretical issues are discussed in detail the proficiency movement the role of input teaching language in context and class participation motivation and discipline These aspects were selected because 1 they pose major challenges to foreign language interns and 2 they play an essential role in the learning acquisition process of second language students The major contribution of this study is the integration of the theoretical and practical dimensions The practical aspect is presented by the expert foreign language teachers who describe in their own words how and explain why they implement a given foreign language theory in their classrooms This integration provides foreign language teachers with a realistic view of foreign language education and establishes a dialogue between the university and the school communities A significant number of excerpts from discussion interview sessions conducted with the teachers are included *Collections of Performance Tasks & Rubrics* Deborah Blaz,2013-08-06 This book features 68 performance tasks and rubrics all designed to motivate and engage your students Also included are samples of student work to help you apply the rubrics and develop your grading and scoring skills The performance assessments in this book were contributed by teachers like you from all over the country and they include open ended and extended response exercises projects and portfolios behavioral assessments skits debates discussions etc authentic assessments and student self assessments in addition to those administered by teachers **Celebrating First Nations Languages and Language**

Learning in Australian Schools Carly Steele,Robyn Ober,Rhonda Oliver,2025-04-30 This book introduces key underlying principles for teaching First Nations languages and language learners in schools across a range of contexts It takes a comprehensive approach covering traditional languages new languages and English At a critical time for Indigenous languages across the globe the United Nations Decade of Indigenous Languages 2022 2032 draws attention to the endangerment of these languages and advocates for the role of education to preserve and revitalise Indigenous languages At the same time many new language varieties spoken by Indigenous peoples often remain unrecognised in education systems and their English language learning needs are left unaddressed This book provides crucial information to enhance the reader

s knowledge of these critical issues in language and education with a view to promote future action The chapters showcase the advocacy activism and allyship for First Nations languages and language learners undertaken by educators education systems and researchers in Australia With a practical focus this book illustrates innovative and contemporary approaches to language learning for First Nations students educators can use this text to guide and develop language learning approaches in their respective contexts This is a foundational resource for both Indigenous and non Indigenous teachers and aspiring teachers alike and all education professionals who appreciate the fundamental importance of language in education

Steiner Waldorf Pedagogy in Schools Martyn Rawson,2021-05-24 This book offers a comprehensive exploration of Steiner or Waldorf pedagogy and practice in schools Drawing on key research it traces the origins of Steiner education from the original Waldorf school and shows how this approach has since been adapted and applied in educational settings around the world Outlining the educational philosophy of Steiner education the book considers its unique features such as its commitment to a pedagogical anthropology that takes the whole developing human being into account body mind and spirit and the developmental approach that arises out of this It sets out the specific curriculum and teaching approach alongside vignettes of teaching and learning situations adopted in Steiner educational settings to show how the approach works in practice Offering a critical perspective on this teaching style Rawson examines the contributions that Steiner education has made in different cultures and looks towards future developments in China and other Asian countries Considering all aspects of Steiner education this book is essential reading for anyone wanting to understand the fundamental elements of this approach and its continuing relevance within the educational landscape

Content-based Second Language Teaching and Learning Marjorie Hall Haley,Theresa Y. Austin,2004 This text examines second language pedagogy from two critical fields of literature psycholinguistics and socio cultural offering a fresh perspective on interactive content based language teaching and learning Unique in its kind this highly practical text offers more methodological approaches to teaching in ESL settings than any other book on the market making it a perfect match for undergraduate pre service teachers who are learning how to teach ESL students in their classrooms Novice teachers will have the opportunity to interact with the text reflect and consult with colleagues partners and classmates by being able to write in the text revisit those responses and view video clips on the Companion Website
