Learning Peace Betty A. Reardon, Eva Nordland, Robert William Zuber, 1994-04-12 The most striking feature of this book is the fact that a group of highly qualified scholars and educators collaborated before the dissolution of the Soviet Union exchanging ideas and practical programs for teaching ecological and cooperative education They modeled the process they advocate They changed their own thinking to understand the thinking of others They couched their concerns in a framework of human rights political and social responsibility and practical transformations of national educational approaches that are often myopic and competitive While accenting some positive educational trends within their national borders they also criticized cultural and educational limitations Anne Shepard Associate Superintendent of Schools Catholic Diocese of Kansas City St Joseph Missouri *Promoting Global Peace and Civic Engagement through Education* Pandey, Kshama, 2016-05-04 It is easy to see that the world finds itself too often in tumultuous situations with catastrophic results An adequate education can instill holistic knowledge empathy and the skills necessary for promoting an international coalition of peaceful nations Promoting Global Peace and Civic Engagement through Education outlines the pedagogical practices necessary to inspire the next generation of peace bringers by addressing strategies to include topics from human rights and environmental sustainability to social justice and disarmament in a comprehensive method Providing perspectives on how to live in a multi cultural multi racial and multi religious society this book is a critical reference source for educators students of education government officials and administration who hope to make a positive change **EDUCATION FOR WORLD PEACE**

community identity peace democracy sexuality ethics conflict politics feminism technology language rights cultural politics Marxism and deconstruction that have a vast literary history in and outside the area of education This volume makes a significant contribution to the question of difference and its quintessential role in peace education for the new millennium

Exploring Betty A. Reardon's Perspective on Peace Education Dale T. Snauwaert, 2019-05-15 This book presents commentaries by a leading international group of peace education scholars and practitioners concerning Reardon's peace education theory and intellectual legacy The guiding question throughout the book is How can her foundational work be used to advance the theory and practice of peace education In an attempt to find answers the contributing authors explore three general areas of inquiry 1 Theoretical Foundations of Peace and Human Rights Education 2 Feminism and the Gender Perspective as Pathways of Transformation Toward Peace and Justice and 3 Peace Education Pedagogy and Practices A contemplative commentary by Reardon herself rounds out the coverage
