Technical Writing For Social Scientists:

Technical Writing for Social Scientists John Sterling Harris, Reed H. Blake, 1981 **Writing for Social Scientists** Howard S. Becker, 2008-11-15

Students and researchers all write under pressure and those pressures most lamentably the desire to impress your audience rather than to communicate with them often lead to pretentious prose academic posturing and not infrequently writer's block Sociologist Howard S Becker has written the classic book on how to conquer these pressures and simply write First published nearly twenty years ago *Writing for Social Scientists* has become a lifesaver for writers in all fields from beginning students to published authors Becker's message is clear in order to learn how to write take a deep breath and then begin writing Revise Repeat It is not always an easy process as Becker wryly relates Decades of teaching researching and writing have given him plenty of material and Becker neatly exposes the foibles of academia and its publish or perish atmosphere Wordiness the passive voice inserting a the way in which when a simple how will do all these mechanisms are a part of the social structure of academic writing By shrugging off such impediments or at the very least putting them aside for a few hours we can reform our work habits and start writing lucidly without worrying about grades peer approval or the literature In this new edition Becker takes account of major changes in the computer tools available to writers today and also substantially expands his analysis of how academic institutions create problems for them As competition in academia grows increasingly heated *Writing for Social Scientists* will provide solace to a new generation of frazzled would be writers *Writing for Social Scientists, Third Edition* Howard S. Becker, 2020

For more than 30 years *Writing for Social Scientists* has offered readers a powerful reassurance academic writing is difficult and even accomplished scholars like Howard S Becker struggle with it Becker the consummate sociologist both analyzes how the professional context of academia contributes to writing problems and offers concrete advice based on his own experiences and those of his students and colleagues for overcoming them and gaining confidence as a writer While the underlying challenges have remained the same over the years the context in which academic writers work has changed dramatically thanks to technology and new institutional pressures This new edition has been updated throughout to reflect these changes offering a new generation of scholars and students encouragement to write about society or any other scholarly topic clearly and persuasively *Writing for Social Scientists* Howard S. Becker, 2020-09-01

The classic guide to avoiding pitfalls and achieving success in academic writing in a fully updated edition with a new preface by the author For decades *Writing for Social Scientists* has been a lifeboat for academic writers of all fields from beginning students to seasoned professionals With reassuring candor author and sociologist Howard S Becker identifies some of the common problems all academic writers face including from procrastination and stifling perfectionism to getting caught up in the trappings of proper academic writing and struggling with the when and how of citations He then offers concrete advice based on his own experiences and those of his students and colleagues for overcoming these obstacles and gaining confidence as a writer This new edition has been

updated throughout to reflect the contemporary landscape of academic writing offering a new generation of scholars and students encouragement to write about society or any other scholarly topic clearly and persuasively As academics are called upon to write more often in more formats Writing for Social Scientists continues to be an important resource for any writer's shelf
