The Strays:

The Strays Emily Bitto, 2017-01-03 Disturbing and magical with a grace and eloquence NPR Books Full of lush mesmerizing detail and keen insight into the easy intimacy between young girls which disappears with adulthood The New Yorker The Strays is a knowing novel and beautifully done Meg Wolitzer New York Times bestselling author of The Interestings For readers of Atonement a hauntingly powerful story about the fierce friendship between three sisters and their friend as they grow up on the outskirts of their parents wild and bohemian artistic lives On her first day at a new school Lily befriends Eva and her sisters Beatrice and Heloise daughters of the infamous avant garde painter Evan Trentham An only child from an unremarkable working class family Lily has never experienced a household like the Trenthams a community of like minded artists Evan and his wife have created all living and working together to escape the stifling conservatism of 1930 s Australia And Lily has never met anyone like Eva whose unabashed confidence and worldly knowledge immediately draw her in Infatuated by the creative chaos of the Trenthams and the artists who orbit them Lily aches to fully belong in their world craving something beyond her own ordinary life She becomes a fixture in their home where she and Eva spend their days lounging in the garden filching cigarettes and wine and skirting the fringes of the adults glamorous lives who create scandalous art during the day and host lavish debauched parties by night But as seductive as the artists utopian vision appears behind it lies both darkness and dysfunction And the further the girls are pulled in the greater the consequences become With elegance and vibrancy The Strays evokes the intense bonds of girlhood friendships the volatile undercurrents of a damaged family and the yearning felt by an outsider looking in

[The Land of The Strays \(Loodor Tales\)](#) Summer Nilsson, 2022-09-06 The Land of the Strays sequel to The Land of the Pines is a new instant classic about the battle for self worth and the difference between wants and needs There is no guarantee that life will be better on the other side Even still we all face moments that force us to choose whether to stay where we are or take a massive leap of faith These moments move quickly yet feel eternal and they forever change the course of our lives Just ask Grey the Kitten Grey didn t know when she leapt through the gate to leave Black Mountain Farm that she d meet a Labrador who could hear the inner thoughts of other animals Grey had no idea that she d bear witness to a kidnapping or that her newfound friends would test her loyalty on the Trinity Trails She had no clue that she was jumping into an epic battle that would alter the future of everyone around her Grey didn t leave her beloved farm and friends behind for any of these reasons She left because it was her destiny Now Grey must decide whose side she s really on the leashes or the strays The leashes live at the Argos a high rise building named after the dog of an ancient warrior From a poncho clad Poodle to a rhinestone born Bengal the leashes seem to have everything they could ever want But at the Argos nothing is what it seems In stark contrast the strays belong to a different class the Stray Club The first rule among the leashes is that you don t talk to or about the Stray Club Grey s never been good at following the rules The Land of the Strays inspires audiences of all ages to see beyond stereotypes engage with empathy

and connect as a united front This fantasy tale addresses complex topics including mind chatter and false narrative to combat social media pressures and remind readers that the battle for self worth is universal fought by all and rooted in the power of words The Land of the Strays is dedicated to the US military and frontline responders honoring the men women and animals who serve our country every day A portion of sales from the Loodor Tales Series featuring The Land of the Pines and The Land of the Strays benefits Operation Kindness celebrating 45 years of saving homeless pets [Wireless World and Radio Review](#) ,1918 **Proceedings of the Institute of Radio Engineers** Institute of Radio Engineers,1925 **The Stray Shopping Carts of Eastern North America** Julian Montague,2023-10-30 A taxonomy we didn't know we needed for identifying and cataloging stray shopping carts by artist and photographer Julian Montague Abandoned shopping carts are everywhere and yet we know so little about them Where do they come from Why are they there Their complexity and history baffle even the most careful urban explorer Thankfully artist Julian Montague has created a comprehensive and well documented taxonomy with The Stray Shopping Carts of Eastern North America Spanning thirty three categories from damaged fragment and plow crush to plaza drift and bus stop discard it is a tonic for times defined increasingly by rhetoric and media and less by the plain objects and facts of the real world Montague's incomparable documentation of this common feature of the urban landscape helps us see the natural and man made worlds and perhaps even ourselves anew First published in 2006 to great perplexity and acclaim alike Montague's book now appears in refreshed and expanded form Told in an exceedingly dry voice with full color illustrations and photographs throughout it is both rigorous and absurd offering a strangely compelling vision of how we approach classify and understand the environments around us A new afterword sheds light on the origins of the project **The London Gazette** Great Britain,1846 [The Strays](#) Emily Bitto,2017-01-03 Disturbing and magical with a grace and eloquence NPR Books Full of lush mesmerizing detail and keen insight into the easy intimacy between young girls which disappears with adulthood The New Yorker The Strays is a knowing novel and beautifully done Meg Wolitzer New York Times bestselling author of The Interestings For readers of Atonement a hauntingly powerful story about the fierce friendship between three sisters and their friend as they grow up on the outskirts of their parents wild and bohemian artistic lives On her first day at a new school Lily befriends Eva and her sisters Beatrice and Heloise daughters of the infamous avant garde painter Evan Trentham An only child from an unremarkable working class family Lily has never experienced a household like the Trenthams a community of like minded artists Evan and his wife have created all living and working together to escape the stifling conservatism of 1930's Australia And Lily has never met anyone like Eva whose unabashed confidence and worldly knowledge immediately draw her in Infatuated by the creative chaos of the Trenthams and the artists who orbit them Lily aches to fully belong in their world craving something beyond her own ordinary life She becomes a fixture in their home where she and Eva spend their days lounging in the garden filching cigarettes and wine and skirting the fringes of the adults glamorous lives who create scandalous art during the day and host
