University of North Dakota* ,1916 *The Story of Creation* Calum M. Carmichael,2019-06-07 Calum Carmichael asserts that
biblical texts both in the Old and New Testaments which have been the subject of interpretation for centuries are themselves
often the products of the ancient authors interpretation of still other literary compositions Claiming that parts of the Bible
constitute major and very early examples of exegesis Carmichael demonstrates that the author of the story of creation in
Genesis 1 produced his work in reaction to troubling issues that arose in the story of the exodus The author of John s Gospel
in turn recounted the life of Jesus in light of the story of creation Pointing out that much of modern literary criticism has
roots in biblical hermeneutics Carmichael turns his attention to the richness and complexity of the ancient world s own
modes of interpretation By doing so he is able to uncover the heretofore unrecognized influence of the exodus story on the
creation story and of the creation story on John s Gospel Carmichael first shows how the author of the seven day scheme of
creation in Genesis produced it in response to his reading of the exodus story which was centuries old in his time He then
shows the extent to which the author of John s Gospel was influenced by first century cosmological speculation Philo s in
particular In the first five chapters of his gospel the author elaborated the details of the creation story to present in
allegorical fashion incidents from the life of Jesus The People's Bible Joseph Parker,1886 All of the Women of the
Bible Edith Deen,2012-10-23 A comprehensive history with more than 300 biographies of every woman in the Bible both the
named and nameless the famous and infamous All the Women of the Bible offers a rich biographical perspective on every
female figure in scripture including the famous the little known and even the unnamed In more that 300 engaging and
insightful portraits Edith Deen brings alive the saints and sorceresses queens and servants mothers and daughters wives and
widows whose profound influence is felt through out the Bible You can almost trace light and darkness in the Bible by the
women themselves she writes Hannah praying mother of Samuel gave birth to a son who became the first great Hebrew
prophet And of course there was the mother of Jesus On the other hand Jezebel and Herodias were vile influences the first
tearing apart the northern kingdom of Israel the second causing John the Baptist to be beheaded Combining thorough detail

with a lively and dramatic narrative All of the Women of the Bible portrays the real women behind the Biblical stories and shows how in their human struggles and triumphs they are very much like the women of today With each major biography identified by Bible chapter and verse and prefaced by a key passage of scripture this is an ideal resources for teachers Bible students preachers and writers as well as anyone who wants to learn what it was really like to be a woman in Biblical times
