Beyond Words Steven Connor, 2014-02-15 In *Beyond Words* Steven Connor seeks to understand spoken human language outside words a realm that encompasses the sounds we make that bring depth meaning and confusion to communication. Plunging into the connotations and uses associated with particular groups of vocal utterances the guttural the dental the fricative and the sibilant he reveals the beliefs the myths and the responses that surround the growls stutters ums ers and ahs of everyday language. *Beyond Words* goes outside of linguistics and phonetics to focus on the popular conceptions of what language is rather than what it actually is or how it works. From the moans and sobs of human grief to playful linguistic nonsense Connor probes the fringes and limits of human language and our definition of voice and meaning to challenge our basic assumptions about what it is to communicate and where we find meaning in language. By engaging with vocal sounds and tics usually trivialized or ignored *Beyond Words* presents a startling and fascinating new way to engage with language itself

Empire on the Verge of a Nervous Breakdown Mary Gossy, 2009-05-01 Literature gives access to the verge to the place where the full terror of falling is felt and yet both feet are still on the ground. *Empire on the Verge of a Nervous Breakdown* offers pleasurable instruction to readers who want to know and feel their ways through and beyond disciplinary conventions towards new and clearer understandings of how empires and texts shiver and fall and why. Literature makes a difference to the ways that these questions are asked and explored. A cavalcade of writers among them Edward Gibbon Edgar Allan Poe James Joyce Sigmund Freud the Wolf Man Gertrude Stein Monique Wittig Jeanette Winterson Monty Python and even Miguel de Cervantes and A Conan Doyle have written about empire femininity Spain pain wounds war and love. Symptoms of imperial panic abound in their pages very frequently manifesting directly or indirectly in allusions to Spain and things Spanish. Here female or feminized bodies often bear the brunt of any acting out. In these highly original and highly engaging essays the reader confronts verges of cliffs madness window ledges rooftops verges of virgins and whores slippery slopes and razor's edges. Gossy argues that masculinity and femininity are always on the verge of slipping away from what they are supposed to be and of dragging fantasies of imperial domination over the edge with them. The Spain of lost empire accompanies these acute symptoms of anxiety even in texts and authors where as in Monty Python's version of the Spanish Inquisition no one expects it
