Williams,1969 *Interconnection of the Wisdoms of Sages and Worthies The Ultimate Meaning of Dao De Jing* Zhang Jiankun, **Lao Tzu and the Bible** Yuan Zhiming,2010-06 Lao Tzu and The Bible A Meeting Transcending Time and Space Yuan Zhiming Translated by Chen Shangyu Has God s light ever shone on the vast land of China Land of God so named by her ancient ancestors This book vividly recaptures God s universal light shown to the Chinese sage Lao Tzu 600 years before Jesus was born By comparing Lao Tzu s Tao Te Ching with the Bible Yuan Zhiming offers a ground breaking interpretation of Lao Tzu s Tao in light of the Word or Logos Yuan Zhiming juxtaposes Lao Tzu s Holy One with Jesus Christ systematically and thoroughly unveiling the nature and characteristics of the mysterious Tao in a concrete and understandable manner resolving a riddle of 2 600 years The text speaks to our time because so many people believe that mere secular teaching of morality such as Confucius taught is sufficient and because what we really need is a deep spiritual awakening such as Lao Tzu announced The profound teaching in Lao Tzu and the Bible enriches the spirit of not only the Chinese people but also the people of the West Dr Paul de Vries president of New York Divinity School and author of *The Taming of the Shrewd* Lao Tzu and the Bible offers not only a spiritual feast to the analytical minds about Tao Word Logos illustrating Tao in a tangible form the Holy One Jesus Christ but also provides helpful advice about how to follow and be united with Tao A work of great erudition and wisdom it contains deep insight opening up the secrets of the Tao while also illuminating the Bible This book will surely delight the hearts and minds of seekers of Tao *Learning from Chinese Philosophies* Karyn Lai,2013-05-28 Learning from Chinese Philosophies engages Confucian and Daoist philosophies in creative interplay developing a theory of interdependent selfhood in the two philosophical traditions Karyn Lai draws on the unique insights of the two philosophies to address contemporary debates on ethics community and government Issues discussed include questions on selfhood attachment moral development government culture and tradition and feminist queries regarding biases and dualism in ethics

Throughout the book Lai demonstrates that Chinese philosophies embody novel and insightful ideas for addressing contemporary issues and problems

Eastern Approaches to Western Film Stephen Teo, 2019-07-11 *Eastern Approaches to Western Film* Asian Aesthetics and Reception in Cinema offers a renewed critical outlook on Western classic film directly from the pantheon of European and American masters including Alfred Hitchcock George Lucas Robert Bresson Carl Dreyer Jean Pierre Melville John Ford Leo McCarey Sam Peckinpah and Orson Welles The book contributes an Eastern Approach into the critical studies of Western films by reappraising selected films of these masters matching and comparing their visions themes and ideas with the philosophical and paradigmatic principles of the East It traces Eastern inscriptions and signs embedded within these films as well as their social lifestyle values and other concepts that are also inherently Eastern As such the book represents an effort to reformulate established discourses on Western cinema that are overwhelmingly Eurocentric Although it seeks to inject an alternative perspective the ultimate aim is to reach a balance of East and West By focusing on Eastern aesthetic and philosophical influences in Western films the book suggests that there is a much more thorough integration of East and West than previously thought or imagined

The Quest, 1913 The Expository Times James Hastings, Ann Wilson Hastings, Edward Hastings, 1910 **The Theosophist**, 1910 The World's Living Religions Robert Ernest Hume, 1924 *The Week in China*, 1929 Chinese Religious Ideas Patrick Johnston Maclagan, 1926 **A History of the Religious Beliefs and Philosophical Opinions in China from the Beginning to the Present Time** Léon Wieger, 1927 **The New York Times Magazine**, 1971 **"The" Monist**, 1896 *The Hindustan Review*, 1914 **The Dao De Jing** J H. Huang, 2024-11-05 A groundbreaking and superlatively accurate new translation of Laozi's *The Dao De Jing* from the bestselling translator of *The Art of War* promising to be the first English edition based on direct translation from the oldest known copies of the ancient Chinese text One of the most significant and popular books in the history of human thought and China's earliest philosophical classic *The Dao De Jing* has served for millennia as a brilliant guide to living healthily and happily to treating the Earth with respect and to understanding our place in the cosmos The Dao is as vitally important to today's world as it was during the Bronze Age presenting us with clear and unexpectedly sane answers to some of the most pressing questions and challenges of our time This beloved classic teaches us to become one with nature with all people and with the world with the ultimate intention of illuminating the path to peace and promoting the conditions for harmony within the self and in the greater world around us Renowned translator J H Huang has spent over two decades researching the Dao resulting in the most accurate translation to date based on the oldest known transcripts of the text Huang's translation is the first to incorporate four major archaeological findings which have been preserved for millennia in ancient tombs most of which were only discovered in the late twentieth century the Guodian Chu slips the Mawangdui silk texts the Fu Yi version and the Peking University bamboo slips Huang argues that these key source materials contextualize *The Dao De Jing* much in the same way the Dead Sea Scrolls illuminate the New Testament The result is a groundbreaking

translation that offers readers the first opportunity in over two millennia to thoroughly comprehend all of the teachings contained in these eighty one chapters
