Werther Jules Massenet, 1999-08-26 Expertly arranged Vocal Score by Jules Massenet from the Kalmus Edition series This is from the Romantic era **Die Entführung aus dem Serail (The Abduction from the Seraglio), An Opera in Three Acts, K. 384** Wolfgang Amadeus Mozart, 1998-08-06 Expertly arranged Vocal Score by Wolfgang Amadeus Mozart from the Kalmus Edition series This is from the Classical era Werther Jules Massenet, 1919 Quodlibets of the Viennese Theater Lisa Feurzeig, John Sienicki, 2008-01-01 The quodlibet genre was significant in Viennese theater during the first quarter of the nineteenth century Quodlibets are important for two reasons they reflect the ironic intertextuality of Viennese life and they present a cross section of music of many genres and styles that was most familiar to the theatergoing audience This edition includes three works *Die travestierte Ariadne auf Naxos* ca 1799 a one act melodrama with spoken and sung sections *Rochus Pumpnickel* 1809 a three act play with musical numbers and *Das beliebte Quodlibet* from *Der Ehetüfel auf Reisen* 1821 a medley that represent different times and styles tracing the history of the genre *Ariadne auf Naxos* a parody of the 1775 Brandes *Benda* melodrama borrows the original text almost completely but replaces *Benda* s music with comical melodies drawn from the Vienna Volkstheater and adds a happy ending *Rochus Pumpnickel* with a story based on Moliere and twenty seven musical numbers was the most successful of all the full length quodlibet plays the high brow periodical *Der Sammler* paid it the back handed compliment of saying that its author writes for the box office not for immortality With music ranging from Mozart and Haydn to M hül Salieri Weigl Wenzel M ller and anonymous folksong it offers a rich assortment of material familiar and unfamiliar to modern scholars Dance music plays a significant role so this play also opens a window on the Viennese dance world The medley *Das beliebte Quodlibet* combines opera folksong and Tyroleanlied into a quasi political jab at the police state The edition provides literal English translations of all the texts and the two full length works also include performable translations underlaid in the music An extensive commentary section identifies musical sources and discusses how pieces are reinterpreted in their new contexts **Il Seraglio** Wolfgang Amadeus Mozart, 1874 Orientalism, Masquerade and Mozart's Turkish Music Matthew Head, 2018-12-13 Matthew Head explores the cultural meanings of Mozart s Turkish music in the composer s 18th century context in subsequent discourses of Mozart s significance for Western culture and in today s not entirely post colonial world Unpacking the ideological content of Mozart s numerous representations of Turkey and Turkish music Head locates the composer s exoticisms in shifting power relations between the Austrian and Ottoman Empires and in an emerging orientalist project At the same time Head complicates a presentist post colonial critique by exploring commercial stimuli to Mozart s turquerie and by embedding the composer s orientalism in practices of self disguise epitomised by masquerade and carnival In this context Mozart s Turkish music offered fleeting liberation from official and proscribed identities of the bourgeois Enlightenment Bodily Charm Linda Hutcheon, Michael Hutcheon, 2000-01-01 Studies the musical textual dramatic and narrative ways in which opera

performers use and give meaning to their physical bodies and analyzes the ways the audience perceives physicality during performances

The Singing Turk Larry Wolff, 2016-08-30 While European powers were at war with the Ottoman Empire for much of the eighteenth century European opera houses were staging operas featuring singing sultans and pashas surrounded by their musical courts and harems Mozart wrote *The Abduction from the Seraglio* Rossini created a series of works including *The Italian Girl in Algiers* And these are only the best known of a vast repertory This book explores how these representations of the Muslim Ottoman Empire the great nemesis of Christian Europe became so popular in the opera house and what they illustrate about European Ottoman international relations After Christian armies defeated the Ottomans at Vienna in 1683 the Turks no longer seemed as threatening Europeans increasingly understood that Turkish issues were also European issues and the political absolutism of the sultan in Istanbul was relevant for thinking about politics in Europe from the reign of Louis XIV to the age of Napoleon While Christian European composers and publics recognized that Muslim Turks were to some degree different from themselves this difference was sometimes seen as a matter of exotic costume and setting The singing Turks of the stage expressed strong political perspectives and human emotions that European audiences could recognize as their own
