Vlad The Undead:

Vlad the Undead Hanna Lützen, 1998 YA An unusual love story that weaves together history and horror into an imaginative contemporary vampire tale

[Vlad The Undead](#) Hanna Lutzen, 2001-08-01 When Lucia a young Danish medical student receives a sheaf of old papers bequeathed to her by her grandfather she finds herself inexplicably entwined in what she thought were the hysterical ravings of a dying man

Sundays with Vlad Paul Bibeau, 2007 Paul Bibeau intrepid investigative journalist detective extraordinaire and vampire obsessed myth hunter travels around the globe in search of Dracula the monster the myth and the icon In this historical and hysterical novel Bibeau describes his transformation from a fictional character in Bram Stoker's novel to a figure that has pervaded popular culture

[LEXX Unauthorized, Series 4: Little Blue Marble](#) D.G. Valdron, 2022-06-01 LEXX Unauthorized Series 4 The Little Blue Marble The final chapter in the saga of LEXX and its crew Kai an undead assassin Zev a combination of love slave and cluster lizard Stanley Tweedle a hapless security guard and 790 a robot head careening through space together a stolen planet destroying biological warship shaped like a dragonfly The fourth series came along at the 11th hour with a last minute purchase by the US Sci Fi Channel The fourth series once again sees a radical reinvention of the show and a season of more episodes than ever before for less money The LEXX having destroyed heaven and hell finds another planet on the opposite side of the sun Earth a world which they can't seem to get away from as they encounter Divine Executioners Mummies Militias Porn Stars Prisons Druids Cowboys Mad Scientists Morticians and the most bizarre elements of American society LEXX was one of the strangest most surreal series ever conceived owing as much to Barbarella and Bunuel as to Star Trek and Star Wars It was unique and unforgettable mixing black comedy and absurdism with epic drama and an astonishing visual sense Backstage the story of the creation of the series was even more extraordinary a tale of regional Atlantic film makers renegade artists cult film makers wild experimentation Canadian cultural nationalism German entrepreneurs new computer generated imagery technologies and backstage chaos intersecting in wildly unpredictable ways to create truly exotic images and stories The product of years of research and dozens of interviews this is a must buy for any fan of the show itself or of science fiction movies television generally and an eye opening insight into film and television production especially Canadian and international productions The fourth chapter follows the frantic history of a production pushing the outer limits of possibility and the decline and fall of the production company Salter Street that birthed it

Sonic Virtuality Mark Grimshaw, Tom Garner, 2015-06-01 In *Sonic Virtuality Sound as Emergent Perception* authors Mark Grimshaw and Tom Garner introduce a novel theory that positions sound within a framework of virtuality Arguing against the acoustic or standard definition of sound as a sound wave the book builds a case for a sonic aggregate as the virtual cloud of potentials created by perceived sound The authors build on their recent work investigating the nature and perception of sound as used in computer games and virtual environments and put forward a unique argument that sound is a fundamentally virtual phenomenon Grimshaw

and Garner propose a new fuller and more complete definition of sound based on a perceptual view of sound that accounts more fully for cognition emotion and the wider environment The missing facet is the virtuality the idea that all sound arises from a sonic aggregate made up of actual and virtual sonic phenomena The latter is a potential that depends upon human cognition and emotion for its realization as sound This thesis is explored through a number of philosophical cognitive and psychological concepts including issues of space self sonosemantics the uncanny hyper realism affect Gettier problems belief alief imagination and sound perception in the absence of sound sensation Provocative and original Grimshaw and Garner s ideas have broader implications for our relationship to technology our increasingly digital lives and the nature of our being within our supposed realities Students and academics from philosophy to acoustics and across the broad spectrum of digital humanities will find this accessible book full of challenging concepts and provocative ideas
