### **Language Development across the Life Span**

Birna Arnbjörnsdóttir, Hafdís Ingvarsdóttir, 2017-11-15 This book offers insights from a seven year study into the impact of English  
as an International Language at a national level from the effect of rich English input on a previously monolingual people's  
linguistic repertoire to its effect on the situated language use demanded of speakers who find themselves in a new linguistic  
environment for which they have not been prepared The changes described in the book have occurred in a speech community  
that identifies strongly with the local language but finds itself increasingly having to use another language to perform daily  
functions in education and work Findings describe how the official language and educational policies have not addressed this  
new linguistic ecology of Iceland The findings of these studies have larger international practical educational empirical and  
theoretical implications and should be relevant to anyone interested in the impact of English as an International Language
