## **Whiteheads Metaphysics Of Creativity:**

**Whitehead's Metaphysics of Creativity** Friedrich Rapp, Reiner Wiehl, 1990-02-22 This book discusses the problems raised by Whitehead's metaphysics of creativity metaphysics focused on dynamic becoming rather than on static being and the proposed solutions to those problems Whitehead adds a new dimension to the issues of traditional metaphysics by taking into account the world view of our civilization and the results of modern science His all embracing speculative cosmology provides a synthesis which goes far beyond the details considered in modern analytic philosophy To him the principle of novelty is the universal of universals and in his system of categories he aims at avoiding the bifurcation of nature into a physical and mental pole

**The Function of Creativity in the Metaphysics of Whitehead** Walter Elliott Stokes, Alfred North Whitehead, 1960

The Notion of "creativity" in Whitehead's Metaphysics Jerry Krim, 1973

*Creativity and Its Discontents* Alan Wyk, Michel Weber, 2013-05-02 I do not expect a good reception from professional philosophers wrote Whitehead in 1929 immediately after the publication of *Process and Reality* Indeed it took nearly thirty years before scholars seriously started to try to decipher the book taken as a whole And there remains today professional Whiteheadians who claim that this work can or even should be bracketed by anyone wishing to get a clear picture of Whitehead's true speculative agenda *Creativity and Its Discontents* aims to provide evidence of the conditions for this state of affairs by gathering and contextualizing all the major reviews translated where need be of *Process and Reality* its original 1929 edition its various translations some of them still ongoing and its 1978 corrected edition It is designed as the ideal tool to accompany the recently published *Handbook of Whiteheadian Process Thought*

**An Appraisal of the Role of Creativity in Whitehead's Metaphysics** Ravi Prakash Singh, 1985

**The Nature of "creativity" in Whitehead's Metaphysics** Robert Hanna, 1982

*Whitehead's Metaphysics of Power* Pierfrancesco Basile, 2017-03-08 Shows how Whitehead's metaphysics developed from his reading of early modern philosophy At the beginning of his magnum opus *Process and Reality* 1929 Whitehead lists a series of beliefs which he thinks are widely held by contemporary philosophers They are all condemned as dangerously mistaken What are these myths Why are they rejected In the works of which modern thinker did they arise What precisely went wrong At what stage in the development of Western thought did this happen By tackling these questions Pierfrancesco Basile makes it possible to grasp the main concepts of Whitehead's process metaphysics especially the crucial notion that being and power are one and the same and appreciate the complex way this is rooted in the modern philosophical tradition

**Key Features** Shows how Whitehead's metaphysics of power and events is deeply rooted in mainstream Western philosophy Illustrates how our understanding of the great masters of the past Descartes Locke Hume Leibniz and Spinoza benefit from viewing them from the standpoint of Whitehead's metaphysics Provides a critical assessment of Whitehead's metaphysics and his overall philosophy

**Whitehead and Philosophy of Education** Malcolm D. Evans, 2021-10-25 That process philosophy can be the foundation of the theory and practice of educating human beings is the main argument of this

book The process philosophy of Alfred North Whitehead 1861 1947 is the particular thinking on which this book is based Readers are shown that Whitehead s process philosophy provides a frame a conceptual matrix that addresses their concerns about education and offers direction for their educative acts Whitehead theorized that all living entities are connected in some way Relatedness connectedness and holism are recurring themes in this exploration of Whitehead s implied philosophy of education Whitehead never wrote a philosophy of education but his writings over a period of nearly thirty years reveal a persistent interest and concern with education His work ranging from Introduction to Mathematics 1911 to Adventures of Ideas 1938 is drawn on here to construct not Whitehead s philosophy of education but a Whiteheadian philosophy of education Whitehead and Philosophy of Education brings to scholars and students of education an understanding of Whitehead as an important figure in philosophy particularly philosophy of education an acquaintance with process philosophy a brief treatment of Whitehead s life and an account of events and experiences that influenced his philosophizing and an exploration of the educationally salient concepts found in Whitehead s formal and informal philosophy with special attention to Whitehead s ideas about creativity process rhythm wisdom and knowledge Whitehead writes of phases of the rhythm of education romance precision and generalization The book is organized with attention to these three phases Part One Romance introduces readers to Whitehead the person and the change of context for educating from a mechanistic world view to an organismic one Part Two Precision examines Whitehead s writings as they relate to process philosophy and to educating Part Three Generalization is an application of the explorations of Parts One and Two yielding a construction of a Whiteheadian philosophy of education and suggestions for educational practice

Whitehead's Metaphysics Edward Pols, 1967 Edward Pols has made it his purpose in this perceptive study to deal with the aspects of Whitehead s philosophy that belong to traditional metaphysics Mr Pols closely examines Process and Reality Whitehead s chief metaphysical work and uses Science and the Modern World Adventures of Ideas and Modes of

Thought to clarify difficulties with some of the doctrines in that work Mr Pols s primary concern is with freedom and he uses this single theme to examine Whitehead s metaphysical system in depth

**The Relational Power of God** Eleanor O'Donnell,2023-01-23 When we find the courage to allow our rebel voice to speak many of us question traditional Christian beliefs about God s power and how it is exercised in the world and in the church We ask What if God is not in omnipotent control of everything What if God s exercise of power is relational and noncoercive instead What if it is the quality rather than the quantity of God s power that really matters This book focuses on the theology of power that emerges when we ask such questions It draws on the social Trinitarian theology of J rgen Moltmann and the process thought of Charles Hartshorne to image God as a Social Trinity in process This vision of God understands the Holy Trinity to be fully relational and thoroughly with us and all creation To think of God and God s power this way ensures freedom for creature and creation and enables a viable response to the problem of evil and suffering It also leads to the conclusion that human relationships in the world and in the church are best modeled on the power sharing solidarity of the Triune God

**The Metaphysics of Becoming** Thomas Padiyath,2014-01-31 This study attempts to elucidate a possible meeting point of the traditions of Eastern and Western metaphysical thinking In discussing Whitehead s and Aurobindo s views on being and becoming it seeks the possibility of a better engagement between the East and the West in the light of the philosophical insights It is an initiation into the Sitz im Leben of Whitehead s philosophy and his general thought pattern It carries a perceptive analysis to show the clear primacy of Becoming or Process in Whitehead that extends even to the Divine It also highlights Aurobindo as a unique Indian Philosopher who articulated Indian thought in Western categories He was able to integrate the evolutionary theory of the West with the Indian understanding of becoming The relationship between God and Creativity and Sachchidananda and the Supermind is studied within the context of Enlightenment and Modernity and the way of doing philosophy in the West and in the East
