**Colin ROBERTSON (Novelist.)**

## Who Rides The Tiger:

*Who Rides the Tiger* Anne Mather, 1970     *Indictment of Caste System through Indian fiction* Dr. Mamta Bagria, Dr. Sangeeta Jhajharia, 2019-03-07 The authors within the fringes of this book have tried to bring in the salient features of the philosophical and sociological foundation of caste The objective of this book is to i Provide a brief historical survey of caste and the state of caste at the present time ii Outline the theoretical foundation of caste iii Illustrate different theoretical approaches through well known works of Indian English fictions of Mulk Raj Anand Bhabani Bhattacharya and Arundhati Roy It appears that the well read authors have their focus on the Indian background all through the book     Who Rides a Tiger, 1935     **Who Rides the Tiger** Wynne Whiteford, 1959     **The Facts on File Dictionary of Proverbs** Martin H. Manser, Rosalind Fergusson, 2007 Lists the meaning and origin of more than 1 700 traditional and contemporary English proverbs     **He who Rides a Tiger** Bhabani Bhattacharya, 1977     *Who Rides a Tiger, Etc* Colin ROBERTSON (Novelist.), 1958     **Who Rides a Tiger, Etc** Montagu Slater, 1947     *Who Rides the Tiger* Florence Preston, 1980     *Who Rides a Tiger* Doris Miles Disney, D Disney, 1989-10 Disney one of the great mystery writers of our time generates a gripping suspense in *Who Rides a Tiger* Disinherited by her wealthy Aunt Harriet Susan decided to pore through the 14y hoping to find a key to provide entry into Harriet s will     **He who Rides the Tiger** Bernie Taupin, 1980     **He who rides a tiger** B. Bhithacharya, Thawip Woradilok, 1974     *Twayne's World Authors Series*, 1966     **Who Rides A Tiger** Anne Mather, 2014-09-15 Who rides the tiger dare not dismount goes the Chinese saying and Dominique felt the proverb could well apply to her strange impulsive marriage to Vincente Santos She dared not dismount from the tiger she rode but what if she was thrown Vincente drew out a case of cheroots and extracted one calmly His tawny eyes surveyed her almost indifferently as if assessing her qualifications I want you to break your engagement to Harding and marry me Marry you Dominique couldn t believe her cars You can t be serious His expression was withdrawn but intense Oh but I am he said calmly Dominique pressed the palms of her hands against her burning cheeks This is ridiculous You don t want to marry me You don t love me His lack of emotion was uncharacteristic his indifferent way of stating such assertions was unnerving What manner of man was he What were his motives What extra motivations had inspired such a command     *Bhabani Bhattacharya* Dorothy Blair Shimer, 1975     **Airpower in Small Wars** James S. Corum, Wray R. Johnson, 2003 The use of airpower in wartime calls to mind the massive bombings of World War II but airplanes have long been instrumental in small wars as well Ever since its use by the French to put down rebellious Moroccan tribes in 1913 airpower has been employed to fight in limited but often lengthy small conflicts around the globe This is the first comprehensive history of airpower in small wars conflicts pitting states against non state groups such as insurgents bandits factions and terrorists tracing it from the early years of the twentieth century to the present day It examines dozens of conflicts with strikingly different scenarios the Greek Civil War the Philippine Anti Huk campaign French and British colonial wars the war in South Vietnam before the American

escalation counterinsurgency in southern Africa Latin American counterinsurgency operations and counterinsurgency and counterterrorist campaigns in the Middle East over the last four decades For each war the authors describe the strategies employed on both sides of the conflict the air forces engaged and the specific airpower tactics employed They discuss the ground campaigns and provide the political background necessary to understand the air campaigns and in each case they judge the utility of airpower in its broadest sense In their historic sweep they show how forms of airpower evolved from planes to police helicopters aircraft of the civilian air reserve and today s unmanned aircraft They also disclose how small wars after World War II required new strategies operational solutions and tactics By taking this broad view of small war airpower the authors are able to make assessments about the most effective and least effective means of employing airpower They offer specific conclusions ranging from the importance of comprehensive strategy to the need for the United States and its allies to expand small wars training programs Airpower in Small Wars will be invaluable for educating military professionals and policy makers in the subject as well as for providing a useful framework for developing more effective doctrine for employing airpower in the conflicts we are most likely to see in the twenty first century

*The Double Dealer*, 1922 **The American Issue**, 1928 **Modern Guerrilla Insurgency** Anthony J. Joes, 1992-10-09 This study argues that guerrilla insurgencies will be a major feature of the post Cold War international scene and that the advisability of intervention in some of them will become a serious issue in American politics Americans therefore need to refine their understanding of insurgency Anthony James Joes analyzes several major insurgencies of this century all of which the United States became involved in to one degree or another While approaching each guerrilla insurgency as a primarily political phenomenon within a definite historical and cultural context Joes also provides the reader with a clear understanding of the military aspects of such conflicts The book deals with a variety of cases some currently very controversial provides jargon free analysis of historical political and military factors challenges some widely cherished views about the potency of third world nationalism emphasizes the neglected but often decisive effects of geography examines the flaws in both the French and the American strategies in Viet Nam and connects Soviet reverses in Afghanistan with the collapse of their empire in Europe A major conclusion is that protracted guerrilla insurgency is usually the result of inept government policies the author outlines a politico military strategy for bringing an insurgency to an end Another important conclusion is that our belief in the power of nationalism in insurgencies needs reevaluation This volume will provide a new perspective for students teachers and general readers interested in international affairs war and foreign policy

Charles Crichton Quentin Falk, 2021-06-01 Charles Crichton is perhaps best remembered as the director of the unlikely blockbuster hit *A Fish Called Wanda* made when he was seventy seven years old But the most significant part of his career was spent at Ealing Studios in the 1940s and 1950s working on such beloved comedies as *Hue and Cry* *The Lavender Hill Mob* and *The Titfield Thunderbolt* Nonetheless as this pioneering study of Crichton s work reveals his filmmaking skills extended way beyond comedy to

wartime dramas and film noir and his adaptability served him well when he made the transition into primetime television working on popular shows such as *The Avengers* *Space 1999* and *The Adventures of Black Beauty* Featuring first hand testimony from colleagues ranging from Dame Judi Dench and Petula Clark to John Cleese and Sir Michael Palin this riveting account of Crichton s fascinating life in film will appeal to film scholars and general readers alike
