Robertson, 2017-07-16 Excerpt from *The Whole French Language* The labours of philologists will then lose something of their importance A few professional men eyeing their calling will remain depositaries of the dialects of by gone ages as we now see antiquarians collect and religiously preserve the wrecks of former societies To enumerate the facts on which I ground this prevision would be a super uous digression from my subject To those men who have bent their thoughts on Unity I need not say that the unity of weight of measure and of language is as inevitable as the unity of mathematical laws To those who judge with the heart a guide more infallible than the understanding I need not say that universal fraternity cannot be completely established on the globe until it has overthrown the barriers which dialects more efficient than mountains and seas have set up between men As for the enthusiastic admirers of the past or those

optimists who contented with the present are averse to every improvement I will not attempt to convince them I should only expose myself to be regarded as a utopist and besides the time is not yet come to insist upon the subject About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
