

Wolf Hill

New Jersey. Court of Chancery

Wolf Hill:

Glaciotectonism James S. Aber, Andrzej Ber, 2007-03-28 Glaciotectonism is an important component of modern glacial theory gaining widespread recognition within the past 25 years This book is outcome of compiling maps of glaciotectonic structures and landforms for North America and central Europe which is the basis for better understanding the role of glaciotectonism as a key component of glacial theory Glaciotectonism is intended to provide a comprehensive review and description of glaciotectonic phenomena The subject matter is arranged in three broad sections First definitions principles and methodologies of glaciotectonics in the field as well as in the laboratory are described Next case histories of glaciotectonic structures and landforms from the land and continental shelf regions of North America and Eurasia are then covered in detail Practical applications for mining highway construction and other human activities are also described The last part of the book covers regional and continental distribution of glaciotectonic phenomena dynamics of glaciotectonic deformation and analogous non glacial deformation Provides definitions principles and methodology of investigation for glaciotectonic phenomena Features case histories of glaciotectonic structures and landforms from the glaciated land and continental shelf regions of North America and Eurasia Analyzes mechanical and theoretical glaciotectonic deformation analogous deformation of non glacial origin Who's who Along the North Shore of Massachusetts Bay ,1915 I-495 and Crane Meadow Road Interchange Project, Marlborough and Southborough, Middlesex County, Worcester County ,1996

Dead Was Everything Keith Smith, 2014-05-31 The Anglo Zulu War of 1879 still intrigues both scholars and enthusiasts alike more than 130 years after it was fought Its story contains tragedy high drama and the heavy loss of human life it involved five major battles and two lesser fights and led to the snuffing out of the direct male Napoleonic line of France And all this in less than one year Reflecting on several years research Keith Smith presents a series of essays which explore hitherto unanswered questions and offer fresh insights into the key battles and protagonists of this epic conflict He presents some surprising conclusions which differ often radically from more orthodox views He also sets out to reveal the characters of the men of both sides who might otherwise have been simply names on a page They are not they lived loved fought and died Some were heroes while others were less than that Most were ordinary men who chose a military career and did their best as far as they were able White or black British or colonial they are all brought to life and their unique stories told This is an important contribution to our understanding of this famous war and the men who fought in it *American*
