The Flexible Workplace Marko Orel, Ondřej Dvoutělý, Vanessa Ratten, 2021-01-19 With current socio economic development trends and changing work landscapes modern workplaces are progressively becoming a subject of flexibilisation and hybridisation Contemporary office environments are commonly adapting to the needs of the flexible labour markets by offering the non territorial and rotation based practice of allocating desks to workers on dynamic schedules This book explores this growing trend by offering different perspectives on the benefits and challenges of the flexible workplace phenomena Topics discussed range from defining and comparing flexible coworking and corpworking spaces policies made in local environments and the flexible

working taxonomy **Good Data in Business and Professional Discourse Research and Teaching** Geert Jacobs, Sofie Decock, 2021-01-27 This edited book engages with the richly interdisciplinary field of business and professional communication aiming to reconcile the prescriptive ambitions of the US centred business communication tradition with the more descriptive approach favoured in discourse studies and applied linguistics A follow up to the award winning book *The Ins and Outs of Business and Professional Discourse Research* Palgrave Macmillan 2016 this volume brings together scholars and their recent work from wide ranging business and professional settings to engage with the question of what counts as good data The authors focus on four key themes authenticity triangulation background and relevance to shine a light on business and professional discourse as essential contextual and intertextual This book will be of interest to scholars working in applied linguistics sociolinguistics and business communication but also other social scientists interested in a range of perspectives on oral written and digital language use in workplace settings *Digital Nomads. How the era of digitalization creates alternative lifestyles* Lisa-Marie Wagner, 2020-06-18 Bachelor Thesis from the year 2020 in the subject Business economics Business Management Corporate Governance grade 1.6 language English abstract In this paper the phenomenon of digital nomadism in permanent employment is presented In general digital nomads are characterized by their independence of location their employment in the digital space and common values Most of them are freelancers and entrepreneurs but also employees who are part of this movement want to leave the conservative concept of normal employment and break new ground First the changes in the business world and the emergence of digital nomadism were presented in this paper Due to a lack of literature guideline based expert interviews were conducted to gain insight into the opportunities and risks of the multi local lifestyle concept for employees and companies In addition the framework conditions for companies and digital nomads required by this work and life concept were examined and presented in detail Such a framework condition can mean for example the adaptation of processes and leadership There are also differences between completely remote companies and only partially remote companies which can lead to a split company structure In this context the similarities and differences between traditional telework and digital nomadism in permanent employment were also examined These are similar for example regarding the technical prerequisites that should be created in companies and the changed communication In addition there are challenges and opportunities that arise from the travel component and the nature of digital nomadism such as negatively impaired processes due to time differences or certain characteristics and experiences that digital nomads possess or experience that can be used positively in a professional context Thus this work not only serves a scientific purpose but also provides a practical framework for employing digital nomads in traditional companies *The Design of a Luxury Car Center in Bangkok* Amir Kamyabi, 2020-12-14 Bachelor Thesis from the year 2019 in the subject Art Architecture History of Construction course Interior Architecture language English abstract This thesis proposes a design that explores the value of experience and entertainment during servicing in order to create a more user

friendly experience and satisfaction for the customer. Through exhibitions we will be able to showcase luxury car brands. And the use of a gathering space and a co-working and conventional space would be the base for interactions between users. The car service center would be a mixed-use service. The thesis will utilize architectural and design techniques for more interactive spaces so that users become more familiar with the history of luxury car brands and the direction different brands are headed towards. It will serve as a place of exhibition, sales, and services, as well as holding conferences to utilize the building and the hotels connected. This building will act as a landmark that attracts luxury users. Thonburi District The Luxury Car Center will be located near the intersection of Charoen Nakhon and Rama III in order to both benefit from such a mixture of a service community and center so that other car service customers in the area also could utilize this active space. This center will act as a mixture of the past, present, and future. A center that drives on fulfilling the needs of customers.
