Some Do Not... Ford Madox Ford,2020-10-27T17:54:38Z *Some Do Not* opens at the cusp of World War I Christopher Tietjens a government statistician and his friend Vincent Macmaster an aspiring literary critic are visiting the English countryside Tietjens preoccupied with his disastrous marriage meets Valentine Wannop a suffragette during a round of golf As their love story develops the novel explores the horrors of the war without the narrative ever entering the battlefield The characters are complex and nuanced Tietjens is an old fashioned man even by the standards of his day he is concerned with honor and doing the right thing but he lives in a society that only pays those values lip service Yet he himself isn't free of a thread of hypocrisy he won't leave his deeply unhappy marriage because that would be the wrong way to act but the reader is left wondering if he tolerates his situation simply because he married up in class He wants to do the noble and right thing but does that mean going to war The men and women around him each have their individual motivations and they are often conniving and unlikable in their aspirations even as the propaganda of England at war paints the country as a moral and heroic one The delicate interplay of each character's subtleties paints a rich portrait of 1920s English society as the romantic ideals of right and wrong clash with notions of ambition and practicality The prose is unapologetically modernist unannounced time shifts combine with a stream of consciousness style that can often be dense Yet Ford's portrayal of shell shock the politics of women in the 1920s and the moral greyness of wartime is groundbreaking The book and its complete tetralogy called *Parade's End* has garnered praise from critics and authors alike with Anthony Burgess calling it the finest novel about the First World War and William Carlos Williams stating that the novels constitute the English prose masterpiece of their time This book is part of the Standard Ebooks project which produces free public domain ebooks [Some Do Not \(Historical Novel\)](#) Ford Madox Ford,2020-12-17 *Some Do Not* chronicles the life of Christopher Tietjens the last Tory a brilliant government statistician from a wealthy landowning family who serves in the British Army during the First World War The novel is the first part of the famous *Parade's End* tetralogy by Ford Madox Ford The setting is mainly England and the Western Front of the First World War in which Ford had served as an officer in the Welch Regiment a life he vividly depicts
