Some Of These Days The Autobiography Of:

Some of These Days, 1946 *Some of These Days* James Donald, 2015-04-27 With portraits of actors dancers architects poets directors and musicians *Some of These Days* highlights how the so called New Negro Movement of the 1920s reverberated far beyond Harlem to cities such as London Paris Berlin and Vienna to ignite the global renaissance of modernist culture *Some of These Days the Autobiography of Sophie Tucker - Primary Source Edition* Sophie Tucker, 2014-03-13 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Red Hot Mama* Lauren Rebecca Sklaroff, 2018-04-02 The First Lady of Show Business and the Last of the Red Hot Mamas Sophie Tucker was a star in vaudeville radio film and television A gutsy song belting stage performer she entertained audiences for sixty years and inspired a host of younger women including Judy Garland Carol Channing and Bette Midler Tucker was a woman who defied traditional expectations and achieved success on her own terms becoming the first female president of the American Federation of Actors and winning many other honors usually bestowed on men Dedicated to social justice she advocated for African Americans in the entertainment industry and cultivated friendships with leading black activists and performers Tucker was also one of the most generous philanthropists in show business raising over four million dollars for the religious and racial causes she held dear Drawing from the hundreds of scrapbooks Tucker compiled *Red Hot Mama* presents a compelling biography of this larger than life performer Lauren Rebecca Sklaroff tells an engrossing story of how a daughter of Russian Jewish immigrants set her sights on becoming one of the most formidable women in show business and achieved her version of the American dream More than most of her contemporaries Tucker understood how to keep her act fresh to change branding when audiences grew tired and most importantly how to connect with her fans the press and entertainment moguls Both deservedly famous and unjustly forgotten today Tucker stands out as an exemplar of the immigrant experience and a trailblazer for women in the entertainment industry *Making History Matter* Robert Dawidoff, 2000 This collection of Robert Dawidoff s essays and journalism is peopled by the likes of the Founding Fathers Fred Astaire Henry and William James Sophie Tucker Trent Lott and Cole Porter Drawing together this unlikely cast of characters Dawidoff probes into the role of outsider groups as well as intellectual and political elites in the formation of American culture As a scholar of intellectual and cultural history Dawidoff takes the stance that historians ought to take an active role in our democratic culture informing and participating in public discourse He argues for a broad reach when it comes to cultural expression resisting the polarization of formal intellectual history and folk or commercial popular culture In his view and in his book

Ralph Waldo Emerson and Katharine Hepburn are equally worthy topics for a historian's consideration providing that they are treated with equal seriousness of purpose and analytic rigor. In *The Gay Nineties* section that closes the book he traces key events in the continual struggle for gay and lesbian civil rights and takes on such unresolved issues as safer sex needle exchange programs to control HIV transmission and the public controversy around the portrayal of gay and lesbian television characters. Divided into sections that deal with the patriarchs of American political and intellectual culture, expressive culture, and a historian's public voice, this book is a model of engaged and engaging writing. Accessible and witty, *Making History Matter* will appeal to general and academic readers interested in American history as well as gay and lesbian political and cultural issues. Author note: Robert Dawidoff is John D. and Lillian Maguire Distinguished Chair and Professor of History at Claremont Graduate University. He is most recently the author with Michael Nava of *Created Equal: Why Gay Rights Matter to America* and *The Genteel Tradition and the Sacred Rage: High Culture v. Democracy in Adams, James, and Santayana*.

Some of These Days: An Autobiography Sophie Tucker, 1951 *When Broadway Was the Runway* Marlis Schweitzer, 2011-08-19 Selected by *Choice* magazine as an Outstanding Academic Title for 2009. *When Broadway Was the Runway* explores the central and largely unacknowledged role of commercial Broadway theater in the birth of modern American fashion and consumer culture. Long before Hollywood's red carpet spectacles, Broadway theater introduced American women to the latest styles. At the beginning of the twentieth century, theater impresarios captured the imagination of their largely female patrons by transforming the stage into a glorious site of consumer spectacle. Theater historian Marlis Schweitzer examines how these impresarios presented the dresses actresses wore onstage as well as the jewelry and hairstyles they chose as commodities that were available for purchase in nearby department stores and salons. *The Merry Widow* Hat designed for the hit operetta of the same name sparked an international craze, and the dancer Irene Castle became a fashion celebrity when she anticipated the flapper look of the 1920s by nearly a decade. Not only were the latest styles onstage, but advertisements appeared throughout theaters in programs and on the curtains, while magazines such as *Vogue* vied for the rights to publish theatrical costume sketches, and *Harper's Bazar* enticed readers with photo spreads of actresses in couture. This combination of spectatorship and consumption was a crucial step in the formation of a mass market for consumer goods and the rise of the cult of celebrity. Through historical analysis and dozens of early photographs and illustrations, Schweitzer aims a spotlight at the cultural and economic convergence of the theater and fashion industries in the United States.
