The Medieval Reception of Book Zeta of Aristotle's Metaphysics (2 Vol. Set) Gabriele Galluzzo, 2012-11-09 Focusing on the medieval reception of Book Zeta of Aristotle's Metaphysics Volume One of this work offers an unprecedented and philosophically oriented study of medieval ontology against the background of the current metaphysical debate on the nature of material objects Volume Two makes available to scholars one of the culminating points in the medieval reception of Aristotle's metaphysical thought by presenting the first critical edition of Book VII of Paul of Venice's Commentary on Aristotle's Metaphysics 1420 1424 **A Grammar of Late Modern English, for the Use of Continental, Especially Dutch, Students** Hendrik Poutsma, 1916 *Peter Lombard* Philipp W. Rosemann, 2004-04-01 Peter Lombard is best known as the author of a celebrated work entitled Book of Sentences which for several centuries served as the standard theological textbook in the Christian West It was the subject of more commentaries than any other work of Christian literature besides the Bible itself The Book of Sentences is essentially a compilation of older sources from the Scriptures and Augustine down to several of the Lombard's contemporaries such as Hugh of Saint Victor and Peter Abelard Its importance lies in the Lombard's organization of the theological material his method of presentation and the way in which he shaped doctrine in several major areas Despite his importance however there is no accessible introduction to Peter Lombard's life and thought available in any modern language This volume fills this considerable gap Philipp W Rosemann begins by demonstrating how the Book of Sentences grew out of a long tradition of Christian reflection a tradition ultimately rooted in Scripture which by the twelfth century had become ready to transform itself into a theological system Turning to the Sentences Rosemann then offers a brief exposition of the Lombard's life and work He proceeds to a book by book examination and interpretation of its main topics including the nature and attributes of God the Trinity creation angelology human nature and the Fall original sin Christology ethics and the sacraments He concludes by exploring how the Sentences helped shape the further development of the Christian tradition from the twelfth century through the time of Martin Luther **The Public** ,1913 **Messiah**
