The Xstreamists:

The Extremists Jules Archer, 1969 Traces the characteristics and activities of extremists throughout American history from the colonists who rioted against England for independence to the assassins of the 1960 s The Extremists Mark Sherwin, 1963 The Muslim Extremist Discourse Faizullah Jan, 2015-11-12 This unique book analyzes the discourse of militant organizations affiliated with al Qaeda It interrogates the discourse of these extremist organizations which publish their own newspapers These publications widely distributed to the local population play a critical role in securing and maintaining public support for the militant organizations The book examines how these organizations discursively construct the socio political reality of their world in the process defining the Self and the Other The Self becomes umma or the global Muslim community while the Other becomes the West including the United States Israel and India This book presents an analysis of three historical moments the assassination of al Qaeda chief Osama Bin Laden the controversial YouTube video Innocence of the Muslims and the shooting of the Pakistani child activist and Nobel Laureate Malala Yousafzai This analysis reveals the discursive strategies used by the militant organizations to create what Foucault calls regimes of truth and articulate identities of the Self and the Other The first of its kind this book provides an insight into the mind set of extremists It presents a picture of the world that extremists construct through their own discourse and explains how extremists try to win the hearts and minds of mainstream Muslims in order to expand their support base seek donations and find new recruits Understanding extremist narratives and the ways they feed the broader militant discourse may yield more meaningful and effective strategies for the West to communicate with mainstream Muslims A New Look at Modern Indian History : From 1707 to The Modern Times B L Grover & Alka Mehta, Modern Indian History particularly the Indian National Movement has been one of the essential parts of UPSC Civil Services Examination and other competitive examinations conducted by Union Public Service Commission and State Public Service Commission This book is written in lucid language covering the timeline from 1707 to the modern times A special feature of the book is that it mentions not only factual data about various topics but also gives information about different interpretations put forward by Western and Indian historians with an integrated analysis This makes the book equally useful for undergraduate students of History Protecting Noble and Just Causes from the Extremist Jeremy P. Boggess, 2021-02-22 What each of us personally defines as Liberal or defines as Conservative has the potential to vary But we must not discount the fact that both may be trying to protect something that they believe needs to be protected We may not believe in what another believes in But I am not talking about a specific belief I am talking about the protection of someone to hold a belief In some instances not all I sometimes personally compare what the liberal and what the conservative may protect to the protection of the Macro for what some may consider the environment versus the protection of the Micro for what some may consider family unity And some who are to the extreme may not wish to admit it but often we need both the Macro and the Micro equally To ensure protection of both the Macro and the Micro including our

own beliefs we must not let the extremist hijack the message When the extremist hijacks the message the message can become defined by the extremist When a message is defined by the extremist the meaning importance and often the validity of the message can become distorted and clouded behind the rhetoric and the image of the extremist We cannot let ourselves or others be deceived by the extremist rhetoric Common sense and practicalities can become lost when the extremist leads What I fear is that something that is important that needs to be protected will not be When the cause becomes associated with the extremist the cause no matter how noble or justifiable has the potential to become warped in the rhetoric of the extremist Then that cause has the potential to become invalidated in the eyes of the moderate as well as the opposing extreme The loss of a cause can often be a loss to the community or future Copyright 2021 Audio Version <https://youtu.be/tl68QS9MkOI> <https://www.youtube.com/channel/UCxCKDdAr4RAA8v5sEX5j3Fw> Please consider contributing below to provide my eBook and articles for FREE Patreon www.patreon.com/JeremyPBoggess PayPal https://www.paypal.com/donate/hosted_button_id_WRK4QMKYJ37AW Please Visit www.JeremyPBoggess.com www.twitter.com/JeremyPBoggess1 www.linkedin.com/in/jeremy_boggess_54325319b www.instagram.com/jeremy_p_boggess www.pinterest.com/jeremy_p_boggess www.myspace.com/jeremy_p_boggess www.facebook.com/profile.php?id=100073113022544 **The Extremist Movement in India** J.
