The Master Of Hestviken:

The Axe Sigrid Undset, 2013-02-06 Set in 13th century Norway The Axe is the first volume in Undset's epic tetralogy The Master of Hestviken In it we meet Olav Audunsson and Ingunn Steinfinnsdatter who were betrothed as children and raised as brother and sister In the heedlessness of youth they become lovers unaware that their ardor will forge the first link in a chain of murder exile and disgrace Undset's novel is also a meticulous re-creation of a world split between pagan codes of retribution and the rigors of Christian piety a world where law is a fragile new invention and manslaughter is so common that it's punishable by a fine Undset reproduces medieval Norway in all the rich pageantry of color and form she can transport us eight centuries and several thousand miles more effectively than most writers can take us into the house next door The Nation

The Axe Sigrid Undset, 1994-11-29 Set in thirteenth century Norway a land racked by political turmoil and bloody family vendettas The Axe is the first volume in Sigrid Undset's epic tetralogy The Master of Hestviken In it we meet Olav Audunsson and Ingunn Steinfinnsdatter who were betrothed as children and raised as brother and sister Now in the heedlessness of youth they become lovers unaware that their ardor will forge the first link in a chain of murder exile and disgrace Soaringly romantic and psychologically nuanced Undset's novel is also a meticulous re-creation of a world split between pagan codes of retribution and the rigors of Christian piety a world where law is a fragile new invention and manslaughter is so common that it's punishable by fine

The Snake Pit Sigrid Undset, 1994-11-29 Set in medieval Norway The Snake Pit follows Olav and Ingunn who though raised as brother sister have become lovers in a world caught between the fading sphere of pagan worship and vendettas and the expansion of Christianity

The Son Avenger Sigrid Undset, 1927 With Olav Audunsson facing the end of his lonely days his children Eirik and Cecilia find themselves trapped in the repercussions of Olav's as yet unconfessed sins Powerfully written and filled with magnificent vignettes of the daily life of a medieval estate The Son Avenger suggests a Greek tragedy whose vision of fate coexists with a Christian sense of suffering and forgiveness And in the somber twilight figure of Olav the Bad Undset has created an antihero as moving as Oedipus or King Lear

The Master of Hestviken Sigrid Undset, 1929 **In the Wilderness** Sigrid Undset, 1995-06-24 After the death of his wife Olav Audunsson leaves on a journey to Oslo where a fierce and bloody struggle may not be enough to redeem him from past violations

Man in Isolation and Confinement John E. Rasmussen, 2017-07-12 This book focuses on those special circumstances in which men alone or in groups are isolated or confined for periods of time long enough to affect the way in which they think and behave Active research in these phenomena initially grew out of a concern about prisoners of war in Korea and the presumed effects of brainwashing but this interest has been augmented by the technological advances that have allowed men to enter into isolation situations previously unattainable in outer space under the sea on the face of the moon or in remote places on the earth s surface For the scientist himself applications of the knowledge derived from these special situations is obvious The variety of ways in which the search may be carried on in both the laboratory and real life situations is amply illustrated in the approaches as well as the settings for research that are reviewed in this volume This book represents the first attempt to cover the total spectrum of isolation and confinement in one volume The chapters are arranged so as to begin with study of the individual proceed through artificial and natural groups and conclude with broad ecological and taxonomic considerations Each chapter of the book has its own unique form however they have been planned and written to address a single central theme that increased understanding of this important social phenomenon depends upon a spectrum of conceptual and methodological strategy and on a continuing interplay between basic and applied research The contributors are among the world s recognized experts in the area and because of its breadth the book constitutes an unusually complete reference to contemporary research on isolation The volume has implications for urban planning and for space and undersea programs

and will be useful for teachers and students of applied social and behavioral science Six Scandinavian Novelists: Lie, Jacobsen, Heidenstam, Selma Lagerlöf, Hamsun, Sigrid Undset Alrik Gustafson, 1969 **The Michigan Technic**, 1930
