Gerges, 2016-04-29 While the Arab people took center stage in the Arab Spring protests academic studies have focused more on structural factors to understand the limitations of these popular uprisings This book analyzes the role and complexities of popular agency in the Arab Spring through the framework of contentious politics and social movement theory "The" Palestinian Movement in Politics Paul Anis Jureidini, 1978 **Political Parties in Palestine** M. Bröning, 2013-02-04 Party Politics in Palestine is an up to date elucidation of the fractious Palestinian political scene providing for the first time a lively and comprehensive discussion of the ideological outlook historical development and political objectives of all of Palestine s major political actors *The Transformation of Palestinian Politics* Barry M. The new world; problems in political geography Isaiah Bowman,1924

The Government And Politics Of The Middle East And North Africa David E. Long,Bernard Reich,1995-08-03 Rapid social economic and political change is endemic to the Middle East and is often more revolutionary than evolutionary in nature In many ways the entire political landscape of the Middle East has been transformed in the past decade in the realm of both international relations and domestic politics The collapse of the Soviet Union the end of the cold war and the Iraqi invasion of Kuwait have all had a profound effect on relations among states within the region and between those states and countries outside the region In this revised edition Long and Reich provide comprehensive and up to date analyses of many critical contemporary events and issues The contributors explain how Desert Storm isolated Iraq and brought Syria back into the mainstream of Arab politics contributing to the revival of the Arab Israeli peace process They also show how the return of a Labor government in Israel has allowed the peace process to go forward Evaluating the economic costs of the Kuwait war and the continuing oil glut the authors find that resulting changes in the

domestic economies of the oil producing states have created additional pressures for social and political change The most profound change in government and politics however is the rise of Islam as the idiom of political discourse among moderates as well as extremists
