## **The Part Time Job:**

**Part-time Jobs for Women** Opal Gooden,1951 *Half A Job* Chris Tilly,2010-07-07 An up to date and in depth analysis of a disquieting trend in the U S labor market [New Policies for the Part-time and Contingent Workforce](#) Virginia DuRivage,1992 While much attention has been focused on the rise of the modern Chinese nation little or none has been directed at the emergence of citizenry This book examines thinkers from the period 1890 1920 in modern China and shows how China might forge a modern society with a political citizenry **Guide to securing part time jobs that fit your schedule** Laura Malfere,2012-02-24 ABOUT THE BOOK Finding a part time job to fit your schedule can be a challenge at the best of times but when you are trawling through the job market during a post recession era it becomes much more difficult You find yourself suddenly pitted against thousands of candidates who all search for the same flexibility and as a result you need to make yourself stand out from the crowd Whether you are a busy parent a student or someone who is looking for additional income all hope is not lost when it comes to finding a part time job Most people fail to find part time jobs because they do not think outside the box Another common issue is a lack of persistence finding part time work is hardly ever easy so it is necessary to try harder than you would with full time jobs By focusing on how you can make the most of your skills and getting back up each time you are knocked down you will place yourself on the path to success EXCERPT FROM THE BOOK

- 2 Consider working in a restaurant or bar One of the best sources for part time work that can fit around schedule is a restaurant or bar If you are over the age of 21 and able to serve alcohol you should begin applying for bar jobs As bars operate on a later basis than most other businesses they are ideal for those who have daytime commitments
- 3 Work from home If working outside of the home doesn't strike your fancy and a restaurant or bar job is still not flexible enough you should consider working from home The internet may be full of scams that are prepared to rip off hard working people but if you scratch beneath the surface it is possible to find a work from home opportunity that can act as a great resource of flexible part time work Jobs where you can operate from home usually require more thinking outside the box than other positions so think hard about the options that you can explore Buy a copy to keep reading **Half A Job** Chris Tilly,1996-01

Over 20 million people are working part time in the United States more than six million of them involuntarily Both Time and Fortune magazines have run recent cover stories about this constrained faction of the workforce who tend to earn on average 40 percent less than full time workers Addressing this disturbing trend Chris Tilly presents a current in depth analysis of how U S businesses use part time employment and why they are using it more and more Worker demand for part time jobs peaked more than twenty years ago but employers desires for cheap labor and schedule flexibility have continued to drive the long term growth of part time jobs Tilly argues that this growth is a reaction to the expanding trade and service industries which by their nature depend on part time workers Examining the nature and purposes of the different types of part time employment he explores the roots of part time jobs in the organization of work and the inadequacies of existing public
