The Soviet Union In Asia:

The Soviet Union in Asia Geoffrey Jukes,1973 **The Soviet Union and Asia** ,1988 **The Soviet Union and the Asia-Pacific Region** Pushpa Thambipillai,Daniel C. Matuszewski,1989-06-23 In examining the economic and social reforms of Gorbachev s Soviet Union the contributors to this new study provide a broad portrait of the state of current soviet relations with the countries of the Asia Pacific region the prospects for change and the perceived role of the Soviet Union in that change Leading established scholars and specialists from the countries of the Asia Pacific region study this new Soviet phenomenon and evince a mixture of enthusiasm and apprehension about Moscow s new policy overtures to the region Mikhail Gorbachev s speech in the Soviet Far East city of Vladivostok on July 28 1986 was widely read and commented upon throughout East and Southeast Asia and raised many unanswered questions How much has the Soviet Union really changed Will China the principal target of Soviet overtures respond positively and if so what will the implications be for the rest of the region What do these sweeping changes mean for the region in practical terms The Soviet Union and the Asia Pacific Region considers these questions and offers insight and provocative commentary on the current attitudes of the many Asia Pacific countries toward the Soviet Union **The Soviet Union in the Asia-Pacific Region** Teik Soon Lau,Bilveer Singh,Singapore Institute of International Affairs,1989 The Transformation of Central Asia Pauline Jones Luong,2004 With the fall of the Soviet Union in 1991 former Communist Party leaders in Central Asia were faced with the daunting task of building states where they previously had not existed Experts on Central Asia here examine the emerging relationship between state actors and social forces in the region **Guide-book to the Soviet Union** Sándor Radó,1928 **Soviet Central Asia** William Fierman,2019-07-09 This book would never have materialized without the cooperation of all of the contributors each of whom certainly also has a list of people to thank for help As editor however I have the privilege of naming a few whose contributions were especially important My understanding of Central Asian society has benefited enormously from the opportunities I have had to work and conduct research in the region especially in Uzbekistan I would therefore like to thank the International Research and Exchanges Board and the University of Tennessee for making several stays in Central Asia possible over the past few years **The Soviet Union Monthly** ,1926 *Gorbachev and Southeast Asia (Routledge Revivals)* Leszek Buszynski,2014-04-11 First published in 1992 this book examines Soviet foreign policy towards Southeast Asia in the context of the transformation of the perestro ka era in the Soviet Union The discussion begins in 1985 and ends in 1989 with the Soviet partial withdrawal from Cam Ranh Bay Buszynski considers Gorbachev s effort to disengage from the Cambodian problem the weakening of the Soviet alliance with Vietnam and the real effort to overcome old hostilities with growth areas in ASEAN such as Thailand and Singapore This is a fascinating and relevant title of particular value to students with an interest in Russia and the history of international relations in Southeast Asia **The Soviet Union and Northeast Asia** Herbert J. Ellison,1989-04-11 Moscow s policy toward Northeast Asia has undergone

major changes in the past two decades The Soviet Union and Northeast Asia explores both the historical background and recent trends in Soviet policy emphasizing relations with Japan China the U S and the two Koreas The study stresses the continuing importance of expanding Soviet military power during the 1970s and 1980s and upon Soviet relations with all of the powers of the region The central concern is to find both the important changes and the continuities of Soviet policy in this vital region Co published with the Asia Society Soviet Nation-Building in Central Asia Grigol Ubiria,2015-09-16 The demise of the Soviet Union in 1991 resulted in new state led nation building projects in Central Asia The emergence of independent republics spawned a renewed Western scholarly interest in the region s nationality issues Presenting a detailed study this book examines the state led nation building projects in the Soviet republics of Kazakhstan and Uzbekistan Exploring the degree forms and ways of the Soviet state involvement in creating Kazakh and Uzbek nations this book places the discussion within the theoretical literature on nationalism The author argues that both Kazakh and Uzbek nations are artificial constructs of Moscow based Soviet policy makers of the 1920s and 1930s This book challenges existing arguments in current scholarship by bringing some new and alternative insights into the role of indigenous Central Asian and Soviet officials in these nation building projects It goes on to critically examine post Soviet official Kazakh and Uzbek historiographies according to which Kazakh and Uzbek peoples had developed national collective identities and loyalties long before the Soviet era This book will be a useful contribution to Central Asian History and Politics as well as studies of Nationalism and Soviet Politics *The Soviet Union in Asia* Geoffrey Jukes,1973 Asia and the Americas ,1924 **Asia** ,1930 **Social and Cultural Change in Central Asia** Sevket Akyildiz,Richard Carlson,2013-10-15 Focusing on Soviet culture and its social ramifications both during the Soviet period and in the post Soviet era this book addresses important themes associated with Sovietisation and socialisation in the Central Asian states of Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan The book contains contributions from scholars in a variety of disciplines and looks at topics that have been somewhat marginalised in contemporary studies of Central Asia including education anthropology music literature and poetry film history and state identity construction and social transformation It examines how the Soviet legacy affected the development of the republics in Central Asia and how it continues to affect the society culture and polity of the region Although each state in Central Asia has increasingly developed its own way the book shows that the states have in varying degrees retained the influence of the Soviet past or else are busily establishing new political identities in reaction to their Soviet legacy and in doing so laying claim to re defining and reinventing pre Soviet and Soviet images and narratives Throwing new light and presenting alternate points of view on the question of the Soviet legacy in the Soviet Central Asian successor states the book is of interest to academics in the field of Russian and Central Asian Studies **Economic Review of the Soviet Union** ,1929 *The Soviet Union In The Third World* Carol R Saivetz,Harvard University.
