

# Theatrical Production

## ELEMENTS OF THEATRICAL PRODUCTION

### *the performer or performers*

People onstage presenting characters in dramatic action. It does not matter what you see (set, lights, props, etc.), the actor/performer is the main element with whom we are connected to the world of the play. Performers' acting in space (usually some sort of stage) and time (some limited duration of performance), and a producing process and organization.

## THE BASIC ELEMENTS OF STAGE DESIGN

### *Tell the Story*

Stage design or what the stage look like. The design of the stage reflects to audience perspectives and tell what story is about and what the next events through changing the design is.

For example if the next scenario is dinner time the stage designer will automatically change the design. This composed with costumes/make up, sound and lightning.

**COSTUMES:** It is use to the actors to transform their images into a character that they are going to poetry during the performance.

**SOUNDS:** The effect that the audience hear during the performance, it describes what the audience supposed to feel during the performance of in a specific scene, it could be, romantic, intense, funny, and suspense.
