Thematic Test Analysis:

Thematic Test Analysis E. S. Shneidman, 2013-12-19 First published in 1988 This book is the result of the attempt to work up a single clinical case in terms of all the published methods for thematic test analysis and of the realization that no one can present a system of interpretation better than the person who designed it thus the several thematic methods each presented by its own author The primary purpose has always been to furnish the interested reader with a comprehensive manual showing the various methods of thematic test analysis in operation on the same case
