Themes From The Scriptures Of The New Testament:

Great Themes of Scripture: New Testament Richard Rohr,2013-11-04 The New Testament is sometimes called the New Covenant signifying a new relationship between humanity and God From the viewpoint of salvation history the New Testament is the completion and the culmination of the Old Testament In terms of length it is only a small portion of the entire Bible and yet it is that portion which brings it all together Richard Rohr and Joseph Martos look at the many ways salvation themes are proclaimed by the various authors and literary styles of the New Testament **Themes from the Scriptures of the New Testament** Thomas Sutton,2001-09-21 I wrote this book to be used as an aid I chose the themes and scriptures If you think of other scriptures that were left out add them After publishing this book I know I ll find additional scriptures I left out and wish I had included them Some of the same verses were used under different themes God s Word is complex simple and can take you down paths that go deep into your spirit One minister I know refers to studying specific scriptures as entering the deep end of the pool My book is not an attempt to replace the necessity to read and study the scriptures directly from the Bible This book is just a starting point for you to build your own scriptural reference related to specific themes At first I planned to write this book only for me I ve always had a hard time memorizing lots of scriptures and remembering where to find a scripture relevant to a certain issue After writing this book I changed my mind and decided to share this work with others After listing a theme I listed the Books Chapters and Verses followed by the actual scriptures I hope you find this book helpful as you study the Word of God Great Themes of the New Testament William Barclay,2001-01-01 Originally published as a series of essays in The Expository Times a journal for preachers William Barclay illuminates six key passages from the New Testament This reissue of an older Westminster Press title makes a welcome addition to the highly popular William Barclay Library series The William Barclay Library is a collection of books addressing the great issues of the Christian faith As one of the world s most widely read interpreters of the Bible and its meaning William Barclay devoted his life to helping people become more faithful disciples of Jesus Christ Major Bible Themes Lewis Sperry Chafer,John F. Canonical Texts: Bearers of Absolute Authority - Bible, Koran, Veda, Tipiaka Rein Fernhout,2023-12-28 This book introduces a new approach to the comparative study of sacred texts here the Christian Bible the Islamic Koran the Hindu Veda and the Buddhist Tipiaka The author demonstrates that in spite of their great differences these works show a fundamental analogy Considered as canonical within their own religious context each text possesses absolute authority in comparison with other authoritative texts from their respective religious traditions This fundamental analogy allows one to describe the growth and history of these canons step by step as a process that takes place in analogous phases that are clearly distinguishable The author follows a strictly phenomenological method he tries to understand the development of these canons in terms of a potential that lies within the phenomena themselves i e the texts while refraining in any way from assessing their claim to absolute authority In part I the author describes the development from the revelation of the texts to a climax with respect to reflection on the canons This climax has been reached in all four cases Part II investigates the crisis that these canons are currently undergoing as a consequence of the modern intellectual climate Can we expect that this crisis will be overcome by the canons And if so will they be in a position of mutual exclusion or will they form a sort of unity such as for example the Old and New Testament in the Christian Bible Finally the author traces what the religions themselves have postulated about the future of their respective canons The result is surprising the current crisis is only faint

reflection of what according to age old predictions awaits the canons in the future

New Testament Development of Old Testament Themes F. F. Bruce,2004-04-20 This is that which was spoken by the prophet As the Apostle Peter spoke these words on the day of Pentecost he began not only the first public

proclamation of the gospel but also a controversy which has occupied Christians to the present While many scholars study the Old Testament in light of its fulfillment in the New Testament others deny the possibility of any continuity between the two F F Bruce holds the former view although he is careful to avoid going too far in finding countless New Testament events foretold in the Old Rather it is his purpose here to examine a few of the major themes motifs and images which are used as vehicles of revelation in the Old Testament and consider how the New Testament writers continue to use them to present the perfected revelation of Christ He has selected in particular those which relate to the rule of God the salvation of God the people of God and the servant of God
