## **The underclass Debate:**

**The "Underclass" Debate** Michael B. Katz, 2018-06-05 Do ominous reports of an emerging underclass reveal an unprecedented crisis in American society Or are social commentators simply rediscovering the tragedy of recurring urban poverty as they seem to do every few decades Although social scientists and members of the public make frequent assumptions about these questions they have little information about the crucial differences between past and present By providing a badly needed historical context these essays reframe today s underclass debate Realizing that labels of social pathology echo fruitless distinctions between the deserving and undeserving poor the contributors focus not on individual and family behavior but on a complex set of processes that have been at work over a long period degrading the inner cities and inevitably the nation as a whole How do individuals among the urban poor manage to survive How have they created a dissident infrapolitics How have social relations within the urban ghettos changed What has been the effect of industrial restructuring on poverty Besides exploring these questions the contributors discuss the influence of African traditions on the family patterns of African Americans the origins of institutions that serve the urban poor the reasons for the crisis in urban education the achievements and limits of the War on Poverty and the role of income transfers earnings and the contributions of family members in overcoming poverty The message of the essays is clear Americans will flourish or fail together

**The "Underclass" Debate** Michael B. Katz, 1993 Do ominous reports of an emerging underclass reveal an unprecedented crisis in American society Or are social commentators simply rediscovering the tragedy of recurring urban poverty as they seem to do every few decades Although social scientists and members of the public make frequent assumptions about these questions they have little information about the crucial differences between past and present By providing a badly needed historical context these essays reframe today s underclass debate Realizing that labels of social pathology echo fruitless distinctions between the deserving and undeserving poor the contributors focus not on individual and family behavior but on a complex set of processes that have been at work over a long period degrading the inner cities and inevitably the nation as a whole How do individuals among the urban poor manage to survive How have they created a dissident infrapolitics How have social relations within the urban ghettos changed What has been the effect of industrial restructuring on poverty Besides exploring these questions the contributors discuss the influence of African traditions on the family patterns of African Americans the origins of institutions that serve the urban poor the reasons for the crisis in urban education the achievements and limits of the War on Poverty and the role of income transfers earnings and the contributions of family members in overcoming poverty The message of the essays is clear Americans will flourish or fail together

*The Underclass Question* Bill E. Lawson, 1992 This collection of original essays by well known African American philosophers considers questions raised by the existence of a group of people in this country whose lives dramatically contradict the American Dream The plight of the so called underclass has given rise to intense debates over what social scientists have termed the paradox of social progress This is the

first full length philosophical treatment of the underclass debate and one of the few volumes of written by African American philosophers The contributors discuss whether the underclass is simply a new label for the poor or whether it indeed represents a distinct class and they ask Are there values that are unique to poor urban blacks What does rap music tell us about the underclass Do middle class blacks have an obligation toward poor urban blacks What are the obligations of the American government to the urban poor What is wrong with the current conception of urban poverty The authors find that a combination of attitudes and assumptions about the impact of race class the economy government policies and conceptions of citizenship makes it difficult to formulate policies that redress the problems faced by the urban poor Author note Bill E Lawson is Associate Professor of Philosophy at the University of Delaware *In the Barrios* Joan Moore, Raquel Pinderhughes, 1993-08-19 The image of the underclass framed by persistent poverty long term joblessness school dropout teenage pregnancy and drug use has become synonymous with urban poverty But does this image tell us enough about how the diverse minorities among the urban poor actually experience and cope with poverty No say the contributors to *In the Barrios* Their portraits of eight Latino communities in New York Los Angeles Miami Houston Chicago Albuquerque Laredo and Tucson reveal a far more complex reality *In the Barrios* responds directly to current debates on the origins of the underclass and depicts the cultural demographic and historical forces that have shaped poor Latino communities These neighborhoods share many hardships yet they manifest no typical form of poverty Instead each group adapts its own cultural and social resources to the difficult economic circumstances of American urban life The editors point to continued immigration as an issue of overriding importance in understanding urban Latino poverty Newcomers to concentrated Latino areas build a local economy that provides affordable amenities and promotes ethnic institutional development In many of these neighborhoods a network of emotional as well as economic support extends across families and borders The first major assessment of inner city Latino communities in the United States *In the Barrios* will change the way we approach the current debate on urban poverty immigration and the underclass **The Underclass Debate** Alan David Buckingham, 2001

*Charles Murray and the Underclass* Charles A. Murray, Ruth Lister, 1996 [The Invention of the 'Underclass'](#) Loïc Wacquant, 2022-01-28 At century s close American social scientists policy analysts philanthropists and politicians became obsessed with a fearsome and mysterious new group said to be ravaging the ghetto the urban underclass Soon the scarecrow category and its demonic imagery were exported to the United Kingdom and continental Europe and agitated the international study of exclusion in the postindustrial metropolis In this punchy book Lo c Wacquant retraces the invention and metamorphoses of this racialized folk devil from the structural conception of Swedish economist Gunnar Myrdal to the behavioral notion of Washington think tank experts to the neo ecological formulation of sociologist William Julius Wilson He uncovers the springs of the sudden irruption accelerated circulation and abrupt evaporation of the underclass from public debate and reflects on the implications for the social epistemology of urban marginality What accounts for the lemming effect

that drew a generation of scholars of race and poverty over a scientific cliff What are the conditions for the formation and bursting of conceptual speculative bubbles What is the role of think tanks journalism and politics in imposing turnkey problematics upon social researchers What are the special quandaries posed by the naming of dispossessed and dishonored populations in scientific discourse and how can we reformulate the explosive question of race to avoid these troubles Answering these questions constitutes an exacting exercise in epistemic reflexivity in the tradition of Bachelard Canguilhem and Bourdieu and it issues in a clarion call for social scientists to defend their intellectual autonomy against the encroachments of outside powers be they state officials the media think tanks or philanthropic organizations Compact meticulous and forcefully argued this study in the politics of social science knowledge will be of great interest to students and scholars in sociology anthropology urban studies ethnic studies geography intellectual history the philosophy of science and public policy

**The 'underclass' Debate** C. P. Crowther,1997      **Cycles of Deprivation and the Underclass Debate** William J. Wilson,1985      *Inequality in the 21st Century* David Grusky,Jasmine Hill,2018-05-15 This book provides selections from the seminal works of Karl Marx Max Weber W E B Du Bois and Charlotte Perkins Gilman that reveal some of the reasons why class race and gender inequalities have proven very adaptive and can flourish even today in the 21st century

*Sociology* Anthony Giddens,Simon Griffiths,2006 This fully revised and updated version of Anthony Giddens s *Sociology* now in its fifth edition offers an unrivalled introduction for students new to the subject lucid lively authoritative and original Written by one of the world s leading sociologists this comprehensive textbook manages to be clear accessible and jargon free but without oversimplifying complex debates Earlier editions of *Sociology* broke new ground by incorporating cutting edge debates such as the impact of globalisation into an introductory text This fifth edition remains a state of the art textbook with fresh and engaging new material added throughout While covering all of the core topics of sociology the fifth edition also includes a great deal of substantive new material ensuring that students are introduced to the most recent sociological debates Throughout the book weaves together classical and contemporary theory and data and provides a wide range of everyday examples to which students can easily relate The fifth edition also benefits from New discussions of global inequality disability ageing and the life course risk the network society and terrorism as well as many other additional and up to date topics Numerous learning aids in every chapter such as summary points questions for further thought and additional reading suggestions which help to reinforce studentsrs knowledge Lots of extra photographs diagrams case studies and cartoons to bring ideas to life and fire studentsrs imaginations High quality supplementary resources on a dedicated website including a full instructorsrs manual and additional student aids all specially designed to stimulate studentsrs learning and critical thinking The fifth edition of this classic textbook is an ideal teaching text for first yearuniversity and college courses and will be essential reading for all students who are looking for an exciting authoritative and easy to follow introduction to sociology Please visit the accompanying website at <http://www.polity.co.uk/giddens5>

**Racism and the Underclass** David

Penna,1991-08-30 This unique collection of essays analyzes the impact of state policies on minority communities in the United States and the perpetuation of an underclass in American society The editors and contributors begin with the premise that there was a resurgence of racism and disadvantage during the Reagan years not only in the United States but also in the world They contend that a major revision of policy toward the American underclass is urgently needed because of a failure to understand underlying social and economic changes Drawing heavily upon diverse sources for data and theoretical perspectives the studies in this important volume attempt to integrate underclass analysis with policy formulation The elaboration of the human rights of the underclass under both international and domestic law is presented by Peter Weiss Gregory Kellam Scott argues forcefully for a shift in the basis of civil rights jurisprudence that would allow the state to assist the underclass by removing past remnants of discrimination David Penna and Jose Blas Lorenzo discuss the legality and desirability of state attempts to restrict racist speech given the exploitative nature of the underclass relationship John Grove and Jiping Wu reassess the perception of Asian Americans as a model minority and discuss uncertain prospects for the future integration of new Asian immigrants into mainstream America Debra Kreisberg Voss Joy Sobrepena and Peter W Van Arsdale demonstrate how the immigration process can marginalize immigrants George E Tinker and Loring Bush discuss the difficulties in determining Native American unemployment rates and document the underestimation of the problem and its impact on policy toward Native Americans The politics and hidden agenda of the English Only movement and the policy implications for linguistic minorities are revealed by Priscilla Falcon and Patricia J Campbell Finally George W Shepherd Jr and David Penna present a challenging agenda for state policy toward the underclass for the 1990s This provocative volume should be read by everyone interested in ethnic and minority studies *Social Stratification* David B. Grusky,2018-05-04

The book covers the research on economic inequality including the social construction of racial categories the uneven and stalled gender revolution and the role of new educational forms and institutions in generating both equality and inequality

*The Geography of United States Poverty* Wendy Shaw,2015-11-19 Until this book was originally published in 1996 there had been little detailed research concerning the geographic location of the poor in America The book examines the spatial distribution of the poor within the US and discusses the general characteristics of the poverty population It explores the complex web of theory pertaining to poverty presenting different categories no fault theories individual responsibility theories societal responsibility theories governemntal and institutional responsibility theories and responsibility of the economic system theories Information on poverty from the 1980s and 90s in the US is provided as well as historical background The problems and complexities associated with defining and measuring poverty are also discussed New Politics ,1990

**The Price of Poverty** Dan Dohan,2003-12-01 Drawing on two years of ethnographic fieldwork in two impoverished California communities one made up of recent immigrants from Mexico the other of U S born Chicano citizens this book provides an invaluable comparative perspective on Latino poverty in contemporary America In northern California s

high tech Silicon Valley author Daniel Dohan shows how recent immigrants get by on low wage babysitting and dish cleaning jobs In the housing projects of Los Angeles he documents how families and communities of U S born Mexican Americans manage the social and economic dislocations of persistent poverty Taking readers into worlds where public assistance street crime competition for low wage jobs and family pride and cross cultural experiences intermingle *The Price of Poverty* offers vivid portraits of everyday life in these Mexican American communities while addressing urgent policy questions such as What accounts for joblessness How can we make sense of crime in poor communities Does welfare hurt or help **Mass Unemployment and the Underclass' Debate** David Piachaud,Campaign for Work,1992 *The Cornelian* ,1900 The Cornell Widow ,1895 **Power in the City** Marion Orr,Valerie C. Johnson,2008 A collection of thirteen essays considered classics in the field of urban politics from leading scholar Clarence Stone with new essays by the editors and by Stone himself that contextualize the impact of his previous works and suggest new directions for researchers
