Weeping Willows Dance:

Weeping Willows Dance Gloria Mallette, 2001-05 National commentators and social researchers have made Spitzer's *The Politics of Gun Control* a standard source for understanding America's gun control debate. The book has been widely heralded for its wide ranging and fair minded coverage of the national gun culture, the history and meaning of the Second Amendment, the criminological consequences of guns, the interest groups involved, public opinion and the policy making roles of Congress, the presidency and the bureaucracy. In the final chapter Spitzer convincingly proposes an innovative framework based on international relations and arms control to suggest a new way to proceed toward political accommodation on the gun control issue. New to the third edition of *The Politics of Gun Control* is coverage of the proliferation of concealed carry laws in cities and counties. The book covers the debate and data on the effect of these laws on crime rates, homicide rates, gun related violence and accidental deaths. School violence including the shooting at Columbine High and other schools around the country is also explored including the congressional response in the aftermath of these episodes, the Senate's passing of a historic juvenile justice bill requiring background checks for gun show purchases, tougher penalties for sale to juveniles or to felons, mandatory gun locks on new handguns and a ban on import of high capacity ammunition clips. Also new to this edition are discussions of the liability lawsuits filed against gun manufacturers by cities and counties, NRA political funding of Republicans in the 2000 election campaign and lobbying successes with the Bush administration, new activism by the Brady Campaign to Prevent Gun Violence, formerly Handgun Control, the Million Mom March, May 2000 and the expiration of 5 day waiting period for gun purchases in 1998 and the FBI's new computerized background check system.

In The Eyes Of The Gulf - A Celebration Of Life Through Flash Poems On Value Keith Waldrop, 2014-03-07 This is the continued series of books from Keith N Waldrop as he shares his flash poetry with the world. *The Eyes Of The Gulf* focuses on flash poems about value. Keith has also included all the works to date in the back of this book for the readers enjoyment. Eve's Treasured Poems Eve Theresa Marie Carter, 2015-11-13 The author of this book loves to write many different types of poetry, she's fondest of free verse, sonnets, narratives, true to life episodes and limericks with funny antics. Throughout the book she writes on her love of nature's elements and all living things. The first poem is written in relation to her belief that all people have a beautiful mind that anyone on our vast global planet can be beautiful in any given situation. The concept of writing in this style gives her the freedom to reach into the vastness of the unknown and also into the reality of our environmental situation. Rain or shine she conjures her love of natural wonders in the mind's eye. Some may say that she can bring beauty into anyone's perceptual view. Eve bears a humorous and cheerful attitude. Her love of writing in any given form shows her appreciation of being open minded and her enthusiasm shines from every word.
