Weisman Art Museum, 2003 An impressive beautifully designed review of the significant art collection of the University of Minnesota The Frederick R Weisman Art Museum of the University of Minnesota stands like a beacon on the banks of the Mississippi River in Minneapolis The first art museum designed by Frank Gehry the Weisman introduces the structural and sculptural qualities that would become the hallmarks of his later works including the Guggenheim Museum Bilbao the Experience Music Project in Seattle and the Disney Concert Hall in Los Angeles With an exterior that has been described as a shiny ice castle and an exploding tin can and an interior that was declared by Herbert Muschamp of the New York Times to be five of the most gorgeous galleries on earth the Weisman boldly proclaims its creativity and artistic vision inside and out An insightful essay by longtime museum director Lyndel King complements eighty photographs of the building shot from every angle to give an impressionistic and comprehensive view of this foundational Gehry project Now celebrating its tenth anniversary the Weisman is fully established as an art venue in the vibrant cultural community of the Twin Cities and as a milestone in the development of Gehry's revolutionary architectural style Distributed for the Frederick R Weisman Art Museum *Selections from the Frederick R. Weisman Collection* Frederick R. Weisman Foundation, 1987 **Marsden Hartley and the West** Heather Hole, Georgia O'Keeffe Museum, 2007-01-01 A revelatory look at Hartley's New Mexico landscapes and the darker side of postwar American modernism Considered to be among the greatest early American modernists the painter Marsden Hartley 1877-1943 traveled the United States and Europe in his search for a distinctive American aesthetic His stay in New Mexico resulted in an extraordinary series of landscape paintings created in New Mexico New York and Europe between 1918 and 1924 that show an evolution in style and thinking that is important for understanding both Hartley's oeuvre and American modernism in the postwar years Marsden Hartley and the West examines this pivotal stage of the painter's career drawing upon his writings and providing illustrations of rarely seen and previously unpublished works The author considers Hartley's involvement with the Stieglitz circle and its soil and spirit philosophy the Taos art colony New York Dada and the impact of historical events such as World War I Within this setting she analyzes the pastels and oil paintings that suggest Hartley's increasingly ambivalent response to the land Beginning with optimistic naturalistic views the New Mexico works grew progressively darker and more tumultuous increasingly reflecting a sense of loss brought on by war The paintings become a site where the

landscapes of memory self and nation merge while reflecting broader modernist debates about American ness and a usable past *Korean Art Collection, Weisman Art Museum* ,2015 **Marsden Hartley's Maine** Donna M. Cassidy,Elizabeth Finch,Randall R. Griffey,2017-03-13 Marsden Hartley had a lifelong personal and aesthetic engagement with Maine where he was born in 1877 and where he died at age sixty six As an important member of the artistic circle promoted by Alfred Stieglitz Hartley began his career by painting the mountains of western Maine He subsequently led a peripatetic life traveling throughout Europe and North America and only occasionally visiting his native state By midlife however his itinerant existence had taken an emotional toll and he confided to Stieglitz that he wanted so earnestly a place to be Finally returning to the state in his later years he transformed his identity from urbane sophisticate to the painter from Maine But while Maine has played a clear and defining role in Hartley s art not until now has this relationship been studied with the breadth and richness it warrants p p1 margin 0 ppx 0 0px 0 0px font 14 0px Verdana Marsden Hartley s Maine is the first in depth discussion of Hartley s complex and shifting relationship to his native state Illustrated with works from throughout the painter s career it provides a nuanced understanding of Hartley s artistic range from the exhilarating Post Impressionist landscapes of his early years to the late roughly rendered paintings of Maine and its people The absorbing essays examine Hartley s view of Maine as a place of light and darkness whose spirit imbued his art which encompassed buoyant coastal views mournful mountain vistas and portraits of Mainers An illustrated chronology provides an overview of Hartley s life juxtaposing major personal incidents with concurrent events in Maine s history For Hartley who was strongly influenced by such artists as Paul C zanne Winslow Homer and Albert Pinkham Ryder Maine was an enduring source of inspiration one powerfully intertwined with his past his cultural milieu and his desire to create a regional expression of American modernism The Modern West Emily Ballew Neff,Barry Holstun Lopez,2006-01-01 A fascinating and novel exploration of the transformative role played by the American West in the development of modernism in the United States Drawing extensively from various disciplines including ethnology geography geology and environmental studies this groundbreaking book addresses shifting concepts of time history and landscape in relation to the work of pioneering American artists during the first half of the 20th century Paintings watercolors and photographs by renowned artists such as Frederic Remington Georgia O Keeffe Ansel Adams Thomas Hart Benton Dorothea Lange and Jackson Pollock are considered alongside American Indian ledger drawings tempuras and Dineh sandpaintings Taken together these works document the quest to create a specifically American art in the decades prior to World War II The Modern West begins with a captivating meditation on the relationship between human culture and the physical landscape by Barry Lopez who traveled the West in the artists footsteps Emily Ballew Neff then describes the evolving importance of the West for American artists working out a radically new aesthetic response to space and place from artist explorers on the turn of the century frontier to visionaries of a Californian arcadia to desert luminaries who found in its stark topography a natural equivalent to abstraction Beautifully
