health through sketches diagrams and labels To maintain privacy these sketches were offered anonymously to selected artists who each chose a sketch to interpret Artists were given a brief description of what the sketch represented and encouraged to select based on their own experiences feelings and understanding of their own mental health In the following pages you will see both the original sketches and the completed collaborations Each entry is accompanied by brief remarks from the Heartland community member who sketched the original Each entry began as a solitary reflection but became a cooperative expression of our shared experiences These pages required significant vulnerability and bravery from everyone involved and it is our hope that this act of sharing helps you feel that same connection As you travel through these pages you are joining our collaboration and for that you have our heartfelt thanks Content Warning Some readers may find the images and descriptions on the following pages to be troubling We sought to create blunt and honest depictions of mental health struggles However as you read the captions you will notice a theme of healing through community and openhearted communication This is a book about our triumphs as much as it is our pains It is about overcoming our worst moments through connection and compassion
