Welcoming Children Joyce Ann Mercer, 2005-11-01 This book develops a theology of childhood both from a theoretical basis in biblical theology especially the gospel of Mark and practical experience in children and youth ministry Mercer builds on classical theologians such as Augustine Calvin Barth and Rahner as well as modern feminist theologians such as Brock and Russell She gains insights from pastoral theologians such as Capps and Couture and from contemporary cultural criticism Mercer challenges approaches to educational and liturgical practices with children in congregations that segregate children from the rest of the church and its key practices of service mission worship care and learning She reframes ministries with children as processes through which the church as a community of practice forms children into an alternative identity that resists surrounding consumerist culture and walks in the ways of Jesus This book offers strategies for educational practices with children in congregations as it seeks to address the question What might educational practices that welcome children and contribute to their flourishing look like in the context of a faith community where children s learning happens in collaboration with experienced practitioners of faith Outlining a feminist practical theology of childhood it explores five basic theological claims 1 children as gifts and parenting as a religious practice of stewardship 2 welcoming those who welcome and care for children 3 children as already fully human 4 children as part of the purposes of God and 5 acknowledging and transforming the sufferings of children

Blyth, 1912 **Report on the physical welfare of mothers and children ... v. 2** Carnegie United Kingdom Trust, 1917 Being Both Susan Katz Miller, 2013-10-22 A book on the growing number of interfaith families raising children in two religions Susan Katz Miller grew up with a Jewish father and Christian mother and was raised Jewish Now in an interfaith marriage herself she is one of the growing number of Americans who are boldly electing to raise children with both faiths rather than in one religion or the other or without religion In Being Both Miller draws on original surveys and interviews with parents students teachers and clergy as well as on her own journey to chronicle this controversial grassroots movement Almost a third of all married Americans have a spouse from another religion and there are now more children in Christian Jewish interfaith families than in families with two Jewish parents Across the country many of these families are challenging the traditional idea that they must choose one religion In some cities more interfaith couples are raising children with both than Jewish only What does this mean for these families for these children and for religious institutions Miller argues that there are distinct benefits for families who reject the false choice of either or and instead embrace the synergy of being both Reporting on hundreds of parents and children who celebrate two religions she documents why couples make this choice and how children appreciate

dual faith education But often families who choose both have trouble finding supportive clergy and community To that end Miller includes advice and resources for interfaith families planning baby welcoming and coming of age ceremonies and seeking to find or form interfaith education programs She also addresses the difficulties that interfaith families can encounter wrestling with spiritual questions Will our children believe in God and challenges How do we talk about Jesus And finally looking beyond Judaism and Christianity Being Both provides the first glimpse of the next interfaith wave intermarried Muslim Hindu and Buddhist couples raising children in two religions Being Both is at once a rousing declaration of the benefits of celebrating two religions and a blueprint for interfaith families who are seeking guidance and community support
