

WELLINGTON FRONT

1850

# Wellington A Broad Front

**Military Society of Ireland**

## **Wellington A Broad Front:**

Wellington Eric Ratcliffe, 1998 The aim of this book is to provide unique nutshell coverage of the career of the Iron Duke from the point of view of his military commands and his statesmanship in his later years a timespan from 1797 when he arrived in India as colonel of the 33rd Foot until his death in 1852 As such it encompasses details of the Mahratta campaign the Penninsular wars and the battles of Les Quatre Bras and Waterloo Wellington's Hidden Heroes Veronica Baker-Smith, 2015-10-19 An excellent account of the contribution of the newly formed and short lived United Kingdom of the Netherlands to the Allied victory HistoryOfWar.org The Dutch Belgians have been variously described as inexperienced incompetent and cowardly a rogue element in the otherwise disciplined Allied Army It is only now being tentatively acknowledged that they alone saved Wellington from disaster at Quatre Bras He had committed a strategic error in that as Napoleon advanced his own troops were scattered over a hundred kilometers of southern Belgium Outnumbered three to one the Netherlanders gave him time to concentrate his forces and save Brussels from French occupation At Waterloo itself on at least three occasions when the fate of the battle hung upon the cusp their engagement with the enemy aided British recovery Their commander the Prince of Orange has been viciously described as an arrogant fool a disaster waiting to happen and even a dangerous lunatic According to the assessment of Wellington himself he was a reliable and courageous subordinate This book reveals a new dimension of the famous campaign and includes many unseen illustrations For the first time a full assessment is made of the challenge which Willem I faced as king of a country hastily cobbled together by the Congress of Vienna and of his achievement in assembling equipping and training 30 000 men from scratch in eighteen months An extraordinary and impressively researched written organized and presented history that sheds considerable new light on one of the most influential battles of 19th century Europe Midwest Book Review A fascinating read Military Heritage **History of the Duke of Wellington's Regiment (1st & 2nd Battalions) 1881-1923** Clarence Dalrymple Bruce, 1927

Colburn's United Service Magazine and Naval and Military Journal, 1907 *Wellington's Brigade Commanders* Ron McGuigan, Robert Burnham, 2017-05-31 A collection of brief biographies of the over sixty men who served as brigade commanders under Wellington during the Peninsula War the Waterloo campaign Recent research into the Duke of Wellington's armies during the Peninsular War and the Waterloo campaign has enhanced our understanding of the men he led and this new biographical guide to his brigade commanders is a valuable contribution to this growing field Ron McGuigan and Robert Burnham have investigated the lives and careers of a group of men who performed a vital role in Wellington's chain of command These officers were the brigadiers and major generals who for a variety of reasons never made the jump to become permanent division commanders Their characters experience and level of competence were key factors in the successes and failures of the army as a whole Their biographies give us a fascinating insight into their individual backgrounds their strengths and weaknesses and the makeup of the society they came from Each biography features a table covering essential

information on the individual his birth and death dates the dates of his promotions and details of his major commands This is followed by a concise account of his life and service Praise for Wellington s Brigade Commanders Each entry is well written and researched and the authors paint interesting portraits of these men attempting to give some idea of their personalities and how they were seen by their men as well as their military achievements This is an excellent piece of work and I expect to find it very useful History of War Wellington's Men, Some Soldier Autobiographies William Henry Fitchett,1900

**Napoleon: a History of the Art of War Vol. IV** Lt.-Col. Theodore Ayrault Dodge,2014-08-15 Includes over 200 maps plans diagrams and uniform prints Lt Col Theodore Ayrault Dodge was a soldier of long and bloody experience having served with the Union Army of the Potomac during the American Civil War losing one of his legs during the battle of Gettysburg After the end of the war he settled down in retirement to write he produced a number of excellent works on the recently ended Civil War and his magnum opus A History of the Art of War tracing the advances changes and major engagements of Western Europe His work was split into twelve volumes richly illustrated with cuts of uniforms portraits and maps each focussing on periods of history headed by the most prominent military figure Alexander Hannibal Caesar Gustavus Adolphus Frederick the Great and finally Napoleon Napoleon and the period which he dominated received such care and attention that Dodge wrote four excellent authoritative and detailed volumes on him In Dodge s concluding volume on Napoleon s great career covers the battles that would lose Germany for the French cause for good as his lieutenants are unable to follow through his plans his tired ragged conscripts cannot match the quality and power of old and struggle blindly with the cavalry that was sacrificed on the steppes of Russia The missed chances of L tzen and Bautzen and the crowning epic defeat at the Battle of the Emperors at Leipzig force Napoleon back to France he conjures a brilliant campaign along the rivers of Northern France beating one opponent then another However the odds are too much even for Napoleon s star and he is forced to abdicate in 1814 Just over a year later he rolls the dice one last time during the Waterloo Campaign filled with opportunities not taken and orders misplaced Napoleon is forced in further exile at St Helena his military fame undimmed even after a hundred years A well written expansive and excellent classic *Wellington's Peninsular War* Julian Paget,2005-11-18 This history and battlefield guide is an essential reference for anyone visiting the sites of Wellington s war with Napoleon in Spain and Portugal Wellington s Peninsular War provides a concise and comprehensive account of the battlefields as they exist today with historic context and practical details to help readers find and explore them The Peninsular War of 1808 to 1841 was a major part of the twenty year struggle against Napoleon Bonaparte s imperial ambitions Military historian Julian Paget presents a balanced picture of the conflict covering the Duke of Wellington s campaigns as well as the crucially important efforts of the Spanish and Portuguese Paget begins with an overview of the war and its background followed by a complete year by year account He then presents a chapter on each of the major battles includes maps and photographs of the battlefields orders of battle and helpful information about the battlefield today The

maps show the ground as it was at the time but also include modern features for easier identification

**The Academy and Literature** ,1909 *Napoleon; a History of the Art of War: From Lützen to Waterloo, with a detailed account of the Napoleonic wars* Theodore Ayrault Dodge,1907 **History of the 1/ 4th Battalion Duke of Wellington's (West Riding) Regiment, 1914-1919** P.
