Were From Italy:

Italy to Argentina Tullio Pagano, 2023-04-18 In *Italy to Argentina Travel Writing and Emigrant Colonialism* Tullio Pagano examines Italian emigration to Argentina and the Rio de la Plata region through the writings of Italian economists poets anthropologists and political activists from the 1860s to the beginning of World War I He shows that Italians played an important role in the so called conquest of the desert which led to Argentina s economic expansion and the suppression and killing of the remaining indigenous population Many of the texts he discusses have hardly been studied before from Paolo Mantegazza s real and imaginary travel narratives at the time of Italian unification to Gina Lombroso s descriptions of Brazil Uruguay and Argentina in early 1900s Pagano questions the apparent opposition between diaspora and empire and argues that there was a continuity between the peaceful conquest though spontaneous emigration envisioned by Italian liberal intellectuals at the turn of the century and the military colonialism of Italian Nationalists and Fascists He shows that racist assumptions about Native American and creole cultures were present in the work of progressive authors like Edmondo de Amicis whose writings became enormously popular in Argentina and anarchist militants and legal scholars like Pietro Gori who founded the first revolutionary unions in Buenos Aires while remaining dangerously attached to Cesare Lombroso s theories of atavism and primitivism The growl of Italian emigrants about to land in Argentina found in Dino Campana s poem Buenos Aires 1907 echoes throughout Pagano s book and encourages the reader to explore the apparent oxymoron of emigration colonialism and the role of literature and public media in the formation of our social imaginary *Italy to Argentina* shows meticulous bibliographic work and is attentive to both fundamental and marginal texts in a double task on the one hand of textual analysis and on the other of rescuing and recovering a corpus forgotten by critics even when it is highly significant It is then a research work that addresses the Italian emigration to Argentina from an original point of view linking texts that have not been studied or that have not been sufficiently analyzed Fernanda Elisa Bravo Herrera author of *Huellas y recorridos de una utopía La emigración italiana en la Argentina* From Boccadasse to La Boca Tullio Pagano complexifies the relationship between diaspora and colonialism in the context of Italian migration to South America In six thematic chapters Pagano explores the thought of authors on and off the canon Such diverse voices lead the reader to a new approach to the study of emigrant colonialism and creole studies towards a deeper more realistic understanding of the conquest of the desert that Italian emigrants wanted to perform in Argentina Giuseppe Gazzola Stony Brook University [United Italy](#) F. Citizens and Subjects of the Italian Colonies Simona Berhe, Olindo De Napoli, 2021-12-30 This is the first book on Italian colonialism that specifically deals with the question of citizenship subjecthood Such a topic is crucial for understanding both Italian imperial rule and the complex dynamics of the different colonial societies where

several actors like notables political leaders minorities etc were involved The chapters gathered in the book constitute an unprecedented account of a heterogeneous geographical area The cases of Eritrea Libya Dodecanese Ethiopia and Albania confirm that citizenship and subjecthood in the colonial context were ductile political tools which were structured according to the orientations of the Metropole and the challenges that came from the colonial societies often swinging between submission cooptation to the colonial power and resistance On one hand the book offers an account of the different policies of citizenship implemented in the Italian colonies in particular the construction of gradated forms of citizenship the repression and expulsion of dissidents the systems of endearment of local people and cooptation of the elites and the racialization of legal status On the other it deals with the various answers coming from the local populations in terms of resistance negotiation and construction of social identity
