Bleaney,1994 *West Bank/Gaza Strip* Rebecca Steffoff,1988 The impact of information technology in the field of military decision making is superficially less visible than that of a number of other weapon developments though its importance has grown steadily since the beginning of the 1980s Owing to its potential role in modern weapon systems and the prospect of its inclusion as an essential ingredient in many military projects such as the Strategic Defence Initiative it has become the focus of special interest and efforts This book is the first attempt to present a broad overview of the prospects for information technology in general and machine intelligence in particular in the context of international security The dangers and promises of weapon and arms control applications of computers and artificial intelligence to decision making processes are analysed in a technical strategic and political perspective by experts from six different countries In an introductory chapter Allan Din presents a generic overview of artificial intelligence and its prospects Thirteen contributors then discuss the conceptual and technical framework of artificial intelligence analyse implications for weapon systems and strategy and discuss possible applications to arms control verification and modelling **The Economies Of The West Bank And Gaza Strip** Fawzi A Gharaibeh,2019-05-28 The creation of Israel called for the realignment of the West Bank and Gaza Strip economies with those of Jordan and Egypt

Subsequent conflicts have fostered economic uncertainties associated with occupation status making investment in various sectors unattractive and hampering the prospects for development Land expropriation the growing number Israel, the Occupied West Bank and Gaza Strip, and the Palestinian Authority Territories Jenin: Idf Military Operations, **A Very Political Economy** Rex Brynen,2000 A Very Political Economy spares no political sensitivities in its dissection of the aid process but also argues persuasively that without international assistance there would have been no Palestinian Authority left to negotiate with and no peace process to revive Breaking Ranks Ronit Chacham,2024-12-17 In a series of moving and provocative conversations nine members of the Israeli Defense Force tell why they refused to serve in the West Bank and Gaza The Refuseniks describe their risky moral decision against the background of what is perhaps the most volatile conflict in the world today the Israeli Palestinian struggle Their individual choices and their collective activism have generated intense debate in Israel and the international community from the leading Israeli newspaper Ha Aretz to a segment on 60 Minutes In a sociocultural mosaic of the Refusenik movement and the political context in which it arose these men describe their individual family backgrounds and beliefs Dedicated to the welfare of their country and its cultural heritage they outline their concerns for the future of Israel As they tell their stories of personal struggle they also raise the disturbing and highly controversial issue of human rights abuses in the occupied territories These personal accounts offer new perspectives on some entrenched ideas about the situation in the Middle East The testimony in Breaking Ranks is essential background for a full understanding of the Israeli Palestinian conflict In this time of grave crisis in the Middle East with no solution in sight to repair the utter collapse of the peace process these voices offer a message of hope in their commitment to their society and nation Israel Insight,1990 Countdown to Statehood Hillel Frisch,2012-02-01 Countdown to Statehood based on Arabic English and Hebrew language sources analyzes the form that the Palestinian state is likely to take The book looks at past institution building patterns in the West Bank and Gaza the relationship between the PLO and the local Palestinians and the nature of the conflict with Israel from 1967 through the first year of the Palestinian Authority under Arafat s leadership A major reference point in this analysis is the Zionist experience of state building in Israel s own pre independence era Not only did the Zionist experience serve as a model of a successful protagonist that Palestinians wished to emulate but both also began as diaspora based These similarities and even more so the dissimilarities between these two struggles for national determination allow the reader to assess the potential likenesses and disparities of the future Palestinian state compared to its Israeli counterpart The concluding chapter analyzes the findings in the broader context of third world state building by arguing contrary to the common wisdom that war makes the state that more peaceful routes to statehood lead to better states in the post independence era World Book Focus on Terrorism World Book, Inc,2003 A compendium of articles which deal with aspects of terrorism including its history the September 11 2001 attacks balancing civil rights and national security and terrorist methods and weapons **West Bank and Gaza Strip** International Monetary Fund,1999-11-09 This

The five year interim period envisaged in the peace accords has ended and the paper takes stock of what happened in this period.
