The Quran Diet Ahmet Göncü, A Revolutionary Path to Metabolic Healing Rooted in 300 000 Years of Human Biology and the Timeless Wisdom of the Qur'an

Modern food is destroying human health Ultra processed ingredients industrial oils hybridized grains artificial additives and genetically modified crops have quietly replaced the natural nutrition our bodies were designed to thrive on The result An

epidemic of obesity fatigue diabetes hormonal imbalance inflammation anxiety fatty liver chronic pain and an entire population that feels tired sick and disconnected from its natural design But there is a way back clear scientific and already written in the fabric of creation The Qur an Diet unites two extraordinary sources of truth 300 000 years of human evolution and nutritional biology The original dietary principles highlighted in the Holy Qur an When these two perspectives are combined a powerful and deeply coherent health framework emerges one that aligns perfectly with modern metabolic science and explains why so many people are suffering today This book is not about religious rules or cultural traditions It is a universal science backed guide to eating in harmony with the human body s natural design The Qur an is approached as a source of biological wisdom a user s manual for human physiology revealing nutrition principles that modern research is only now beginning to understand In This Book You Will Discover The real human diet before agriculture processed foods and modern disease The exact foods the Qur an emphasizes and why they form a metabolically perfect foundation Why modern food systems create inflammation hormonal damage and metabolic collapse How fasting triggers autophagy cellular repair fat burning metabolism and longevity How prayer times circadian rhythm and metabolic cycles are interconnected How to rebuild metabolic flexibility through natural ancestral eating A practical nutrition model you can apply for life simple adaptable and evidence based Every chapter combines anthropology physiology metabolic science and Qur anic insight There are no fads no ideology no guesswork Only human truth Why This Book Is Different Most diet books chase trends keto vegan detoxes supplements low fat low carb This book returns to something deeper the diet humanity was biologically created to eat It explains why industrial foods harm the body how natural foods restore it and how fasting properly understood is humanity s oldest and most effective healing tool Whether you are struggling with weight inflammation low energy brain fog insulin resistance hormonal imbalance or chronic metabolic issues this book provides a path to renewal grounded in both ancient wisdom and cutting edge science A Blueprint for Reclaiming Your Health The Qur an Diet offers a complete logical and biologically consistent way of eating that supports longevity mental clarity metabolic repair and natural vitality By aligning nutrition with your physiology and environment not with modern industry you can finally restore the balance your body has been craving This is not another diet trend It is a return to who we are A return to the natural order A return to the foods humans were meant to eat

Mind Over Hunger Lila Santoro, AI, 2025-05-02 *Mind Over Hunger* explores the surprising link between fasting and mental well being arguing that controlled abstinence from food can enhance cognitive function and emotional resilience It challenges the notion that constant consumption is necessary for optimal brain function presenting fasting as a tool for self improvement The book highlights how strategic fasting impacts neurotransmitter production influencing mood and how ketogenesis can boost cognitive performance This book uniquely focuses on the psychological aspects of fasting rather than

just the physical benefits Delving into neuroscience psychology and nutrition it explains how periods of food restriction trigger physiological and neurological changes that can improve mental clarity and willpower The book examines the processes of autophagy and mitophagy and how they promote cellular health with practical guidance on safely implementing fasting protocols Beginning with the core concepts of fasting and its effects on the body and brain the book progresses to explore the impact on neurotransmitters and cognitive performance It culminates in demonstrating how fasting can be integrated into a holistic lifestyle for long term mental and physical health offering a fresh perspective on this ancient practice and its modern applications in self help and cognitive enhancement **Eat to Climb** Mina
