True Paranormal Hauntings Max Mason Hunter,2016-04-29 14 Spine Chilling Tales Of True Ghost Stories And Hauntings True Paranormal Hauntings To Keep You Up At Night Some ghost stories send tingles of excitement down your spine while others make you gulp as you dig deeper into the shocking tale Other ghost stories will make you shiver with fear and hug your blanket tightly as you stare out your window and wonder what exists in the vast expanse of darkness that envelops your room during the night time Very few ghost stories have the potential to grab you from the very start and pull you into the world where restless spirits malevolent beings and other paranormal entities rule a world where humans have very little control and they have to succumb to the nefarious will of these terrorizing beings and hope that God himself offers them a way of escape Whether you want to believe it or not this is the world that we live in These creatures live amongst us and some of them can t wait for the perfect opportunity to strike so they can kill you or pull you down into their dark inescapable realm Many before you were skeptical until they had their menacing experiences with the ghosts themselves Not many have lived to tell the tale but the few who have lived through their supernatural experiences with the underworld have passed on the stories from generation to generation and now here they stand before your very eyes

True Ghost Stories and Hauntings Travis S. Kennedy, 2016-03-14 Incredible True Paranormal Accounts True Ghost Stories And Hauntings From The Past Scientists studying parapsychology try to establish many possible theories to justify a paranormal claim Sometimes they successfully rationalize the mystical incidences with explainable scientific data and facts But when they fail it becomes an unsolvable mystery and controversial phenomena for future generations We know that some places on earth are cursed and are not safe for human habitation But can we always scientifically explain or rationalize why some places or objects are so unlucky or why we sometimes see or feel things that no one else does In this book we will tell you of some real ghost stories stories of mysterious objects and a number of very tragic incidents that have been hard for science to logically define This book contains a number of ghastly incidents that no scientist or criminal investigator could ever rationally justify Read these disturbing stories from the past yourself and see if you can connect the theories or justify each and every phenomenon to establish them as rationalized events

True Ghost Stories Zachery Knowles, 2018-10-24 Looking for a Scare Then Read These 19 Spine chilling Stories Are you ready for a different take on the true stories of hauntings across the world How about roads and highways that are haunted by spirits and ghosts some of which seem to have quite evil intentions Dangerous roads haunted by ghosts that seem determined to add to their number by causing car wrecks and a tunnel haunted by ancient warriors angry their graves were disturbed will be explored A clown that appears by the side of the road and disappears as your car draws near or an auto accident that was witnessed months after it happened are some of the many hauntings to be discovered in this book Animals that exhibit the symptoms of rabies the moment their feet touch the street or an aggressive ghoulie car responsible for the deaths of a group of teenagers almost 50 years ago A woman still trying to get help for her newlywed husband trapped in their vehicle after an accident unaware it s too late for either of them and a police officer who relives his death every time he pulls over another speeding car are just a few of the true stories of haunted highways and roads you will find within the pages of this disturbing book India China Wales Scotland England Australia and the United States all have roads streets interstates routes and highways that connect one end of a country to the other There are hundreds of thousands of roads and streets that no one experiences anything mysterious upon Then there is a handful of streets notorious for the abnormal disturbing paranormal things that occur on or near them on a regular basis While some of these hauntings only began recently others extend back hundreds of years when the roads were dirt trails Some of these haunted avenues are infamous like those along Tuen Mun Road in Hong Kong Archer Avenue in Chicago or Mona Lisa Drive in New Orleans Those more unknown are equally horrifying like along A541 in Pontblyddyn Wales and Route 2A in Maine Regardless you will agree this book comprises the scariest most disturbing true tales of haunted roads and highways One of the most unusual aspects of these stories when compared to most true horror stories is that just about every eyewitness encounter in the chapters of this book was experienced by someone who wasn t out looking to encounter the supernatural These people were minding their own business when they were thrown first hand into

experiences beyond the natural that would mark them for life which means it could happen to you too Are you ready to never feel quite as comfortable driving along the road in the dark Then this book is exactly what you need Ready to scare yourself senseless Scroll to the top of the page and hit buy
