

An aerial photograph of a beach at sunset or sunrise. The ocean waves are breaking onto the shore, creating white foam. The sand is a warm, golden-brown color. The sky is not visible, but the lighting suggests a low sun. The text is overlaid on a dark, semi-transparent background in the center of the image.

There is always some madness
in love. But there is also always
some reason in madness.

Some Reason In Madness:

A Futile Attempt At Delaying The Inevitable Adam Webb, 2022-07-11 Poetry is the shadow cast by our streetlight imaginations Lawrence Ferlinghetti Hey you Can you explain what it means to be human Imagine someone confronts you with this question on the street Most of us will hmm and haaa but Adam Webb gets it Born in America Adam spent a lot of time experiencing what exotic cultures could give and tried to understand what it means to be living in the here and now He went on to chisel the marble of language to provide us with something real and tangible to think about The book began in my hometown Adam says and then developed through traveling Adam spent time living in Europe Southeast Asia Thailand and Japan Adam touches the soul with inspirational titles such as Life Scene In the Early Summer across the Lake from the City Poems in four seasons and Stitched Fragments The poems are deceptively simple and require more than one reading before their total weight can sink in Adam s mentors are amongst others James Wright Pablo Neruda Ernest Hemingway and Carl Jung This book might be a futile attempt of delaying the inevitable but at the same time it smacks you in the face with its raw look at life This is a bundle for poetry lovers and seekers of inspirational titles alike **The Routledge Companion to Absurdist Literature** Michael Y. Bennett, 2024-05-29 The Routledge Companion to Absurdist Literature is the first authoritative and definitive edited collection on absurdist literature As a field defining volume the editor and the contributors are world leaders in this ever exciting genre that includes some of the most important and influential writers of the twentieth century including Samuel Beckett Harold Pinter Edward Albee Eugene Ionesco Jean Genet and Albert Camus Ever puzzling and always refusing to be pinned down this book does not attempt to define absurdist literature but attempts to examine its major and minor players As such the field is indirectly defined by examining its constituent writers Not only investigating the so called Theatre of the Absurd this volume wades deeply into absurdist fiction and absurdist poetry expanding much of our previous sense of what constitutes absurdist literature Furthermore long overdue approximately one third of the book is devoted to marginalized writers black Latin x female LGBTQ and non Western voices *There Is Always Some Madness in Love. Language and "The Feminine" in Nietzsche and Heidegger Jean McConnell Graybeal,1990-09-22 Nietzsche and Heidegger were both lovers of language and author Jean Graybeal argues that their writing styles demonstrate a relationship with the feminine dimension of language Using as a framework the theories of Julia Kristeva concerning the symbolic and semiotic dispositions in language Graybeal reads Nietzsche and Heidegger as writers and thinkers whose experimentation with language is directly relevant both to their quests for nonmetaphysical ways of thinking and to the feminist project of moving beyond male dominance The chapters on Nietzsche discuss portions of *The Gay Science* Thus Spoke Zarathustra and *Ecce Homo* with the question of woman in the forefront of the analysis The chapters on Heidegger deal first with *Being and Time* describing the ways in which Heidegger evokes the feminine and semioitic dimensions in language Finally eight of Heidegger s later essays are read with attention to feminine maternal and erotic imagery

Nietzsche's Animal Philosophy Vanessa Lemm,2009 This book explores the significance of human animality in the philosophy of Friedrich Nietzsche and provides the first systematic treatment of the animal theme in Nietzsche s corpus as a whole Lemm argues that the animal is neither a random theme nor a metaphorical device in Nietzsche s thought Instead it stands at the center of his renewal of the practice and meaning of philosophy itself Lemm provides an original contribution to on going debates on the essence of humanism and its future At the center of this new interpretation stands Nietzsche s thesis that animal life and its potential for truth history and morality depends on a continuous antagonism between forgetfulness animality and memory humanity This relationship accounts for the emergence of humanity out of animality as a function of the antagonism between civilization and culture By taking the antagonism of culture and civilization to be fundamental for Nietzsche s conception of humanity and its becoming Lemm gives a new entry point into the political significance of Nietzsche s thought The opposition between civilization and culture allows for the possibility that politics is more than a set of civilizational techniques that seek to manipulate dominate and exclude the animality of the human animal By seeing the deep seated connections of politics with culture Nietzsche orients politics beyond the domination over life and instead offers the animality of the human being a positive creative role in the organization of life Lemm s book presents Nietzsche as the thinker of an emancipatory and affirmative biopolitics This book will appeal not only to readers interested in Nietzsche but also to anyone interested in the theme of the animal in philosophy literature cultural studies and the arts as well as those interested in the relation between biological life and politics
