Theology Mr Chad Tyler Gerber, 2013-06-28 St Augustine's pneumatology remains one of his most distinctive decisive and ultimately divisive contributions to the story of Christian thought How did his understanding of the Spirit develop Why does he identify the Spirit with divine love and cosmic order And from what personal and literary sources did he receive inspiration This examination of Augustine's pneumatology the first book length study of this important topic available seeks answers in Augustine's earliest extant writings penned during the years surrounding his famed return to the Catholic Church and the height of his efforts to synthesize Catholic theology and the Platonic philosophy of his day which had postulated a divine trinity of its own Careful analysis of these initial texts casts fresh light upon Augustine's more mature and well known theology of the Holy Spirit while also illuminating on going discussions about his early thought such as the nature and extent of his Platonic sympathies and the possibility that the recent convert remained committed to the divinity of the human soul

The American Shorthorn Herd Book, 1910 The Standard Poland-China Record Standard Poland-China Record Association, Maryville, Mo, 1912 **The Holy Spirit as Communion** I. Leon Harris, 2017-09-26 In *The Holy Spirit as Communion* Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia For both theologians the doctrine of the Holy Spirit is foundational to understanding their doctrine of God Christology and ecclesiology Drawing on the theme of communion *The Holy Spirit as Communion* expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son It is the Holy Spirit who perfects the eternal communion within the divine Trinity which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ *The Holy Spirit as Communion* explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology Gunton is represented by a radicalized version of Chalcedon Christology and Macchia formulates his account through the overarching metaphor of Spirit baptism Therefore the doctrine of God Christology ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ *Holstein-Friesian Herd-book* Holstein-Friesian Association of America, 1920
