The Mass:

The Mass of the Apostles Joseph Husslein, 1929 Ortega's The Revolt of the Masses and the Triumph of the New Man Pedro Blas Gonzalez, 2007 This book is first and foremost a detailed and meticulous study of Ortega y Gasset's The Revolt of the Masses 1930 No other up to date books explore this thinker and his great work Most importantly the author demonstrates the relevance and importance of Ortega y Gasset's thought and his The Revolt of the Masses for today's world showing for instance how Ortega's categories like mass man and decadence have been vindicated by today's spiritual moral and cultural decay This aspect of the book will perhaps be of major interest to the reading public What Ortega argues for in his brief history of philosophy is something that he has otherwise made explicit throughout his work mainly his conviction that strictly speaking philosophy as an activity or manner of thinking that faces naked reality holistically ended long ago with the ancient Greeks All subsequent philosophical endeavors have been merely a rehashing or an academic commentary on the pre-existing philosophical canon This latter activity he saw as pertaining to the history of philosophy but he did not regard it as philosophy Philosophy as a vital and life forging way of life he argued had played out its originality and thus had run its course long ago With a glossary of special terms as used by Ortega and with references to Albert Camus Gabriel Marcel C S Lewis Friedrich Nietzsche Josef Pieper and others this work is a fundamental tool for any student of Ortega of existentialism and 20th century European philosophy Pedro Blas Gonzalez is Associate Professor of Philosophy at Barry University in Miami His areas of specialization include Continental philosophy specifically Phenomenology Existentialism and philosophical aspects of literature His works include Fragments Essays In Subjectivity Individuality And Autonomy Algora 2005 and Human Existence as Radical Reality Ortega's Philosophy of Subjectivity Paragon House 2005 Gonzalez holds a Ph D in Philosophy from DePaul University **The Principles of Dynamics.
